Fast Time Comparisons.

The fastest recorded mile made by man is four minutes sixteen and one-fifth seconds, by Wm. Cummings, at Preston, Eng. The fastest mile made by a running horse is one minute thirty-nine and three-quarter seconds, made by Ten Broeck, at Louisville, Ky. The fastest trotting mile is two minutes nine and three-quarter seconds, by Maud S, at Cleveland. The running horse made the mile in a little less than two-fifths of the time occupied by the human runner, and the trotting horse in almost exactly one-half the time. Man, therefore, is a long way behind the brute in the matter of fleetness of foot.

"That's the trouble in this part of the country," remarked a Texas editor, as a bullet crashed through the window and took a piece of his ear off. "You make a paper interesting and newsy, and you have got to dodge around to keep it up."

A BARGAIN.

About 40 acres of said land is good hay meadow. For particulars address,

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering or crying with pain of cutting teeth?
