

Jones, of the Republican national committee, claims the state very positively by a good majority, and is supported by ex-Gov. Cornell, who estimates 7,000 plurality. Charles E. Smith, of the Philadelphia Press, and one of the best-posted men on New York politics claims 1,500 majority. On the other hand, the New York Times has reduced its estimates to 3,125 plurality for Cleveland, and the Democratic managers are positive in their assertions of victory. New Jersey and Connecticut are conceded Democratic. Indiana is still very doubtful, and steady reports of Republican gains indicate reasonable grounds for hope. Michigan is also among the uncertain, it being feared that the fusion ticket will be successful. In Virginia the result has not been decided yet. Mahone positively claims a Republican majority, while the Democrats are equally positive to the contrary. The probabilities point, however, to a Democratic victory in that state by a reduced majority. Since yesterday West Virginia has also taken her place among the doubtful states, and there now seems to be more than a good chance of a small Republican majority. Nevada is yet to be heard from. As it now stands, Blaine has 169 electoral votes, Cleveland 162, and 70 are in doubt. The returns show large gains of Republican congressmen.

ADDRESS FROM THE NATIONAL COMMITTEE.
NEW YORK, Nov. 6.—The following address was issued this afternoon:
Headquarters Republican National Committee, New York City: The Republican national committee rejoices that returns now received warrant it in announcing the triumphant election of Blaine and Logan. The Republicans have carried every Northern state, except New Jersey and Connecticut. Virginia seems also to have given a majority for the Republican cause and ticket, and there is a strong probability that West Virginia has also. The other states alone, however, give to Blaine and Logan 233 electoral votes, and insure their election. In New York attempts to tamper with returns have already been detected. The actual vote in New York city and Kings county and 1,842 other election precincts give at the utmost only 198 plurality to Grover Cleveland, while 163 precincts not yet heard from give 2,171 plurality to Garfield. There is, therefore, no ground for doubt that the honest vote of the state has been given to the Republican candidates, and though the Democratic candidate for the presidency is at the head of the election machinery in the state, the Democratic party, which has notoriously been a party of fraud in elections for years, will not be permitted to thwart the will of the people. The national Republican committee calls on the chairman and individual members of all county committees to take prompt and most stringent means to protect the sanctity of the ballot. The Republican candidates have been honestly elected beyond question. Any attempt to cheat the people, and to defeat their will thus expressed at the polls, must be sternly exposed and resisted by every law-respecting citizen.
(Signed) B. F. JONES, Chairman.
SAMUEL FENDELSEN, Secretary.

ANOTHER REPUBLICAN ADDRESS.
The Republican state committee has issued the following:
In view of the claims made as to the result of the election in New York, the Republican state committee deem it their duty to announce that, while the vote is very close, the returns and estimates from the most authentic sources justify the belief that a plurality has been cast in favor of the Republican candidates. We have received copies of the official returns as filed in the several county clerk's offices in all except eleven counties. Beside this we have caused a careful re-examination to be made of returns forwarded from police headquarters in New York and Kings counties. From the remaining nine counties we have procured direct information from the most reliable sources, and feel justified in asserting that the state has gone Republican. The result thus arrived at is confirmed by an entirely different investigation, based upon the returns collected directly from every election district in the state. (Signed)
JAMES D. WARREN, Chairman.
FEL CONTE.

Senator Gorman, of the Democratic national committee, sent the following dispatch to Ex-Gov. John Lee Carroll of Maryland, this evening:
The claim of the national Republican committee is laughed at by everybody. We have carried New York beyond question. Manning, chairman of the committee, tells the public to-day that the board of canvassers will see that the will of the people is observed. Republicans are trying hard to prevent the official announcement of the vote of New York, which is for Cleveland. We have the state by a small but safe plurality.
The Democratic national committee has issued an address, which states to the people of the United States that Cleveland and Hendricks are elected, with 219 electoral votes. The address names states which have given Democratic majorities, including New York, New Jersey, Connecticut and West Virginia. The address concludes thus:
No fraud or contrivance can defeat the will of the people of the United States thus publicly and deliberately declared.
ALBANY, Nov. 6.—Daniel Manning, chairman of the Democratic state committee, has sent the following to the New York Evening Post:
By official returns reported from every county, Cleveland and Hendricks have carried the state of New York by a safe and sure majority. No machinations, or false claimed doubts of Blaine's managers can change this result. The friends of honest government and honest elections can be every where assured that the Democrats' state board of canvassers will see that the true vote is correctly declared.
(Signed) DANIEL MANNING.

THE TRIBUNE
to-morrow morning will claim the state by 1,000 plurality, and the claim seems to be perfectly well founded. This is the Tribune's editorial:
Victory! The figures justify our belief. Blaine and Logan are elected by the vote of New York, Indiana and the Southern states of which hopes are entertained can only swell an electoral vote already sufficient. This belief is based upon the returns collected by the associated press from every voting precinct in the state except 12, which we have carefully verified as far as possible by special dispatches. The precincts not heard from gave a plurality of 796 for President Garfield. In these scattering precincts there have been no Democratic gains for some time past, and it is impossible that there can be in the twelve small precincts remaining such Democratic gains as to overcome the present Republican plurality. Assuming the accuracy of the associated press dispatches and tabulation, the election of Blaine and Logan can no longer be a matter of reasonable doubt. But the dispatches also indicate that the Republicans have carried all the other Northern states except Connecticut, New Jersey and possibly Indiana and have a probability of success in West Virginia and Florida, which would insure the election of Blaine and Logan even without the vote of New York.
SAYS CHAIRMAN JONES.
"We have carried New York, Indiana and every Northern state except New Jersey and Connecticut," said Chairman B. F. Jones, of

the Republican national committee, at 11 o'clock to-night, "and I believe that Mr. Blaine is elected." Mr. Jones had been in conference with members of the committee nearly all the evening, and had received the reports from all but twenty-three of the election districts in the entire state.
"If these figures are correct," said he, looking over a long column of returns, "we have carried the state by from 400 to 500 plurality, with about twenty-three election districts to hear from. These districts gave Gen. Garfield large pluralities, but how they will do in this election is of course, a query. My impression is, however, that they will increase Mr. Blaine's plurality to at least 1,000. I am confident that nothing but fraud can prevent our success."

THE GOVERNOR'S ADVICES.
ALBANY, Nov. 6, 3 p. m.—There is intense excitement over the result of the presidential election. The feeling of suspense is gradually giving way to one of confidence and elation on the part of the Democrats, who began to jubilate this afternoon. They are now firing one hundred guns in honor of the election of Grover Cleveland. The governor has been closeted with his private secretary all the morning. All advices received by the governor point unmistakably to his election. Congratulatory telegrams are continually pouring in. At 2 o'clock a message was received from the Democratic national committee assuring Gov. Cleveland of his election, and congratulating him on the result. Mayor Harrison of Chicago telegraphed this morning that Illinois would give a Democratic majority of 3,000 to 4,000. Advices received here are to the effect that West Virginia is now certain to go Democratic, assuring a solid South. Flags

ALL BUT TWELVE.
Returns from all the election districts in the state but twelve, give 558,388 Republican votes, and 557,420 Democratic votes; 968 Republican plurality. Official returns from Westchester county give a Democratic gain over the previous figures of 488. This makes Cleveland's plurality in the state 117. Returns from all the election districts of the state but twelve give 558,308 Republican and 557,854 Democratic votes; Republican plurality, 514. Official returns from Queens county reduce the Republican plurality in the state to 371, and the twelve districts to be heard from. The official vote of counties cut down Blaine's 800 plurality. Reports by districts indicate that Cleveland will have a plurality in the state. The official vote of fifty-six counties gives pluralities for Blaine of 59,384, and for Cleveland, 69,207. An estimate on the four counties not in given pluralities for Blaine 9,319, and 487 for Cleveland, which would give Cleveland a net plurality in the state of 831. Official county returns and very close figures on the twelve counties which have not been officially reported, indicate that Cleveland's plurality reaches nearly 1,000 in the state. The official returns show heavy Democratic gains.

LATEST FROM NEW YORK.
NEW YORK, Special Telegram, Nov. 7.—The Sun this morning makes Cleveland's plurality in this state 1,176. The Times places Cleveland's plurality at 1,276. The Star and Truth also claim that Cleveland has carried New York.
New York, Nov. 6.—A number of prominent lawyers met at the Fifth Avenue hotel this evening to take such action as seemed necessary to insure a scrutiny and fair canvass of votes cast Tuesday. Among those present were Ex-Secretary Benjamin H. Bristol, Congressman Hewitt, James C. Carter, president of the Peace association; Ex-Gov. Deane of New Jersey, Ex-Attorney General C. S. Fairchild, C. Barlow, Gov. P. Lowrey, Frederick R. Cowdery, William C. Whitney, W. H. Barnum, F. L. Stetson, District Attorney P. B. Olney, Charles P. Miller, Albert Stickney, W. G. Peckham, and W. S. Opatka. Resolutions in accordance with the object of the meeting were adopted, after Aaron J. Vanderpool, Carter, Bristol, Stetson and Whitney had discussed the election laws, and a committee were appointed to take such action as it saw fit in relation to the votes of New York, King's, Queen's, Suffolk and Richmond counties.

The Tribune estimates that Blaine has a plurality in the state of 1,114 votes. The Times returns, from all but two counties, show Cleveland has 1,276 plurality. The Sun's revised figures, from fifty-five or sixty counties, make Cleveland's plurality 1,205. The New York Tribune now claims 1,000 plurality for Blaine in New York state. Returns received from county clerks are what so suddenly changed to Cleveland a plurality for Blaine in this state, which election district returns earlier used had given him. The country clerks' returns thus far give to Cleveland 1,000 plurality.

Another Day of Waiting.
Friday was full of excitement throughout the country, though at the close, the sentiment prevailed that the settlement of the vote of New York could not be expected until the canvass of the precinct votes on Tuesday by the county officers.

NEW YORK, Special Telegram, Nov. 7.—The state returning board in this state is in the hands of the Democrats and close adherents of Gov. Cleveland. It is composed of Joseph B. Carr, Republican, secretary of state; Fred C. Chapin, Democrat, comptroller; Elhanan Sweet, Democrat, state engineer and surveyor; Dennis O'Brien, Democrat, attorney general; and Robert A. Maxwell, Democrat, state treasurer. If at any time one or more of those fail to attend the meeting of the board, the vacancies are filled by calling in the mayor and recorder of the city of Albany. Both of these are Democrats. These facts and a general misunderstanding as to the duties of these officers have been the subject to-day of many rumors as to the fraudulent manipulation of the returns. The law governing the action of these officers is so strict and their duties are so clearly defined, that any manipulation of the returns is

ALMOST IMPOSSIBLE.
On Tuesday the boards of supervisors will meet in the various counties and canvass the returns. Their duties are purely clerical. They simply add up the local returns of towns, election districts and wards, certify to their accuracy, and transmit certified returns to the secretary of state.
JOHN KELLY'S OPINION.
The Star says hundreds of telegrams have been received from all over the country inquiring the views of Mr. Kelly on the election, and especially asking his opinion on New York state. In response to these inquiries, Mr. Kelly sent the following statement:
The figures show a total vote for Cleveland and Blaine of 1,104,615, and a plurality for Cleveland of 1,150. The Albany Evening Journal concedes this. I am of the opinion that the counties, when canvassed by the boards of supervisors Tuesday next, will show an increase over the Journal's figures. The national Democratic committee's figures are 1,300 for Cleveland, and their statement is based on positive information. I have no doubt of Gov. Cleveland's election, although the people will be kept in suspense until the official canvass can assure them positively of the result. The means taken to conceal the facts by those having charge of the vote cast in several election districts of the State of New York indicate that efforts have been made to tamper with the returns, but the vigilance of the Democratic national committee has prevented it. You can rely on these figures, as I have the assurance that they are accurate, and that the state canvass will find them correct, or nearly so, and if there are reductions the number will not be sufficient to defeat Cleveland's election.
(Signed) JOHN KELLY.

THE ALBANY JOURNAL GIVES UP.
ALBANY, Nov. 7.—The Evening Journal concedes the election of Cleveland. It says: "There seems to be no longer a doubt that Gov. Cleveland has been elected. Every county has sent in its full vote, after a careful verification, and the results assure Gov. Cleveland a plurality of about a thousand in the state. The vote will not vary 200 on either side of these figures. New York gives Cleveland enough votes to elect him. The Journal has devoted its entire time to wards securing another result, and it now reluctantly states that the election has been decided differently from its desire, because it believes that the prompt recognition of the will of the majority is essential to the maintenance and preservation of American institutions. So long as the people of the United States have decided to transfer the federal administration to the Democratic party, we are glad that the decision has been made in favor of a Democrat from New York state."
A REQUEST FROM BLAINE.
The Mail and Express prints the following: Augusta, Me., Nov. 7.—To Chairman B. F. Jones, of the Republican National Committee: I am advised that there have been frauds committed in New York state. I believe that the honest voters of the state elect a Republican plurality, and I ask the committee to see that we have a fair and honest count.
(Signed) J. G. BLAINE.

JAY GOULD'S CONGRATULATIONS.
Jay Gould has just sent the following congratulatory dispatch to Grover Cleveland: Grover Cleveland, Albany, N. Y.: I hereby congratulate you on your election. All concede that your administration as governor has been conservative, and in the larger field of president you feel that you will do still better, and that the vast business interests of the country will be entirely safe in your hands.
(Signed) JAY GOULD.

EXHORTING THE FAITHFUL.
The following has been issued: Headquarters National Democratic Committee, No. 11 West Twenty-fourth street, New York, Nov. 7, 1884.—To the People of the United States: There can no longer be any question concerning the actual result of the presidential election. Grover Cleveland and Thomas A. Hendricks have a majority of eighteen in the electoral college. It is not worth while for our adversaries to claim the electoral vote of the State of New York. It is absolutely certain that the returns of the proper officers of election on the night of the 4th of November showed a decisive plurality in the state for the electors supporting Cleveland and Hendricks. If any different or altered returns are now being prepared or are promulgated, they are corrupt falsifications of the records of the State of New York, and the men aiding or abetting the making of such reports are criminals. It is not expected that you will tamely submit to the machinations of such men. Let them understand that you will not. Recognize at noon to-morrow throughout the United States the actual election of Cleveland and Hendricks, by firing national salutes. Meet to-morrow night throughout the country and express your opinions in a manner that cannot be misunderstood. The men of New York are resolved not to submit to the gross outrage attempted to be perpetrated upon their rights and will speak for themselves.
(Signed) WILLIAM H. BARNUM, Chairman National Democratic Committee.
A. P. GORMAN, Chairman National Executive Committee.

In the two gales of Saturday and previous Thursday, terrible havoc was wrought in shipping on the New England and Labrador coasts. The British brig Dagong was lost with all hands at Western head. The schooners Tepey and Julia were totally wrecked, the crews barely escaping with their lives. Eleven other vessels were lost. No particulars of the disaster have been yet received at Torbay. An unknown vessel was lost with all hands. The wreck is in pieces, most of it being driven ashore.
Florence Nightingale says that from her long experience in India she is convinced that cholera is not directly communicable from person to person.
"Commodore" Starin, the steamship owner of New York, is said to be worth \$7,000,000. Not many years ago he was a country doctor earning \$1,000 a year.

Dakota Territorial News.
Mrs. N. B. Wayant, living in the northwestern part of Miner county, left home and her three small children to go a short distance for a pail of water a few days ago, and no trace of her has since been obtained.
A laborer was crushed to death by the caving in of the sides of trenches for the Aberdeen city water mines. The sides were unprotected. G. W. Farnworth is the contractor.
The hardware store of Rolph Brothers, at Fargo, was closed by the sheriff. The firm was supposed to be in a prosperous condition.
Dakota papers are advertising for a young boy of Kalamazoo, Mich., named George Maurice Yurnn, who left his home Aug. 3. His mother is a widow and lives at 715 Millard street, Kalamazoo.
Several wealthy citizens of Redfield offer to erect a \$20,000 court house for Spink county if the county seat is removed thither. The city will donate a lot of seven and a half acres for the same purpose.
A number of Dakota papers are advising the farmers to use the bowlders which are found on the crests of mounds and the borders of coolies for house building. With plenty of mortar, a substantial wall can be put up without great expense. A house thus built would be warm in winter and cool in summer.
A man named Frank Hoak, who has been in the employ of Bassett, Hunting & Co., at Letcher, for some time, a few days ago took \$500 of the company's money and hurriedly left. A reward of \$500 will be offered for his apprehension.
William Mayne of Ordway Junction, lost his house and most of its contents by fire. Loss, \$2,000; insurance, \$1,000.
Randolph Devine of Chamberlain has been held to the United States court for giving whisky to a Crow Creek Indian.
Sneak thieves have been going through claim shanties near Ipswich. H. R. Balsour lost \$50 and W. R. Green and others lesser amounts.
The steam thrasher and 500 bushels of wheat on the farm of Mr. Falohoy of Grand Forks were burned.
Fargo Special: Railroad building here has almost been at a standstill the past summer, and the Fargo Southern, the Manitoba extension from Jamestown north, now under construction, all of which were partially completed last season, represent the season's work in railroad building. The panic of last spring and the stringency and continuance of failures during the summer had the effect of putting a damper upon new railroad work of all kinds, and up to late in the season there has been nothing like a revival in the business of construction; and the new lines that have been in contemplation the past season will, owing to the difficulty of inducing Eastern capital to take hold of new lines at this time, remain uncompleted at least until the coming year.
Dakota's tribute to the New Orleans exposition will be a pumpkin weighing 185 pounds.
A Dakota man was arrested for stealing two carrots. Carrots are worth 10 cents a bushel.
Fargo, Special: The Red river valley, generally speaking, this year is in a position, financially, a few points better than last, while money is little if any freer. The farmers, almost to a man, have wheat to the credit, either in their own granaries or the elevators; but, with 51 cents per bushel, there is very little, comparatively, being sold—the receipts at the elevators having shrunk from 3,500 or 4,000 bushels to 1,400, and many days even less. The effect of the low prices is a serious drawback to wheat cultivation, and will have the effect of keeping back many who desire to engage in wheat raising in the valley, as also it will prevent hundreds who are engaged in farming here at present from increasing their acreage. Much land will not be cultivated next year that was this, and considerable inquiry in regard to blooded cattle, merits of the different breeds, their ability to stand cold and exposure, shows that attention is at last being directed to this branch of the farming industry.
