Mrs. Ella M. Shippy, of Hope, delivered an address in the Congregational church last Friday evening on the subject: "War of the twentieth century." The address was full of many good thoughts and was very interesting. Mrs. Shippy struck Cooperstown when the weather was very unfavorable, so that her audience was not quite as large as it would have been had the weather been favorable.

The 17th of May was a nice day all right, but the rain the day previous made the roads too muddy for a large crowd to attend the celebration festivities. However quite a crowd went up on the train and took in what was going on. States Attorney Tuttle made a short address touching on the importance of the day. In the afternoon a picked up nine from Cooperstown played a game of ball with the Binford fellows and got licked to a standstill. There was a dance in the evening and despite the bad roads a large crowd attended.

Blue vitriol, strychnine and formalin for sale at S. Almklov's drug store.

"In the spring the groaning husband eats his vitals in the barn, for his wife must clean the mansion, and she doesn't care a darn; and the yard is full of carpets and the trees are full of sheets, and he has to live on sauerkraut, cistern water and sliced beets. And at night the patient husband has to sleep upon the floor and he feels so plumb disgusted that he swears that life's a bore. When the blamed old cleaning's over, then wife is taken ill, and it keeps the husband busted buying dope and drugs and pills; and the mansion is no cleaner than it was when she began, but she'd slay him if he said so—and he is a prudent man." —Ex.

State Bank of Cooperstown.

Never during our twenty-one years residence in North Dakota have we ever experienced such a wet spring as we have had this season. Farmers have been terribly handicapped on account of the excessive wet weather and most of the wheat has been "mudded in."

The State Bank makes loans on improved farms. Money paid over at once if title is O. K.

The acreage of wheat will be considerably less this season, while the acreage sown to flax, barley, etc., will undoubtedly be largely increased over former years. If the prices only keep up the farmer will not lose anything in the long run.

The Fargo Agricultural College base ball club will be here Saturday to play with the Cooperstown club. Last year the A. C.'s put up a fine game of ball and this year they are much stronger. A good game is assured. Come in and see it.

We omitted to mention last week about that fine ice-box recently put in E. E. Downe's meat market. It is 8x20 and has two chambers below, one for meat for immediate use and the other for large sides, etc. The ice-chest holds 14 tons of ice and will only need filling three or four times during the season. It is a handsome piece of furniture and one of the finest ice chests made.

The Fargo league team arrived Tuesday and played a return game with the locals. It was a rattling fine game and ended in a score of 5 to 2 in favor of the visitors. Up to the first half of the eighth inning the game stood 2 to 2 then came a wild throw and the stuff was off. However, the Fargo boys knew they were in the game from start to finish. The team is doing excellent work and put up a good article of ball. Lemm, the new catcher got right off the train Tuesday and played a good game. Teams playing against Cooperstown will realize that they are playing the game all right.

Don't forget the ball game next Saturday between the home team and the A. C.'s. Game called at 2 p. m.

Emil Marquardt went down to Valley City last Friday to collect a bill from the "Missouri Girl Company." This Company made a contract and date to play in Marquardt's Opera House and then tried to back out by telegraphing that the company had burned out at Billings, Mont. The deal was too thin and now Marquardt went after the manager with both feet—which was the proper thing to do.

The Cooperstown ball club went down to Fargo and played a game with the league team of that town last Friday the score ending in favor of the professionals 11 to 5. It was a game played in the mud as it had rained nearly all week. The Cooperstown club is not fully organized yet and next time the two clubs meet on the diamond it will not be so easy for the leagues. As it was it took about four professional pitchers to win the gate for the gateway city and our local ball players can feel very good over the results obtained taking everything into consideration.

The people of the neighboring towns for a hundred miles or so from here should bear in mind that Cooperstown will be going to celebrate this year on a large and grander scale than ever. \$1000 is offered in prizes for shorthorn cattle alone and in addition several thousand dollars will be added for sports, races, balloon ascensions and various other attractions. We have the most energetic and liberal class of business men and citizens to be found in this United States and you can make a note of it to the effect that, weather permitting, Cooperstown will give the people a run for their money on July 4, 5 and 6, that will excel all previous years. Don't overlook this in making your dates for spending the national holiday.
