The county commissioners awarded the contract last Monday to the Minneapolis Iron and Bridge Company for the building of a 72 foot steel bridge at Fluto's crossing, the contract price being \$2180. National meeting—Fraternal order of Eagles, Minneapolis, Minn., June 3d to 8th. N. P. Railway will sell round trip tickets to St. Paul or Minneapolis at one fare for the round trip. Date of sale June 1 and 3d inclusive. Final return limit June 9th, 1902. Extension of return limit to July 7th can be had on payment of 50cts at St. Paul and Minneapolis. W. J. PAYNE.

The Cosgrove Company held the boards at the Opera House last Wednesday evening and as usual were greeted with a "big house." The entire program was musical and was very good, although if Cosgrove would vary the program a little by putting in a song or two for a change we believe it would be beneficial. Too much of a sameness for two hours is apt to make people tired. A dance followed the entertainment, forty couples availing themselves of the opportunity to "trip the light fantastic toe." Cosgrove gives a good entertainment and our criticism is not intended to reflect on the quality at all.

On account of National Convention Travelers Protective Association and Sup. Lodge Meeting of the A. O. U. W. the Northern Pacific Railway will sell round trip tickets to Tacoma, Seattle or Portland, for \$45. Sales May 27 to June 8, inclusive. Good 60 days.

The committees in charge of the Fourth of July celebration are putting in full time getting ready. It is only six weeks until it is time to turn the great American bird loose. Just bear in mind that Cooperstown will put up in the neighborhood of \$5,000 for stock prizes, sports, races, etc., and that from the minute the sun rises on the morn of July 4th until six hours after it has set on July 6th, Cooperstown will have the biggest time that it ever had since it was a town. We want you to remember this and figure on being here. The citizens, in conjunction with the Griggs County Fair Association will endeavor to "make good" in every detail and nothing but bad weather will stop us from celebrating right.

The county commissioners were in session last Monday.

Campbell Bros. consolidated shows will be here June 16. It is said to be quite a circus. It takes twenty-seven cars to carry the outfit around the country, which would indicate that it was a circus of considerable importance. There is one thing sure it is coming a little too close to our celebration.

Cooperstown will celebrate in royal shape this year. \$2,000 have been hung up for the races, \$1,000 for Shorthorn stock, and \$2000 for other prizes, sports etc. Is there any other town of its size or three times its size in the state that has put up \$5,000 for a celebration. Nit! We have an elegant race track, grand stand, etc., a progressive lot of business men at the head of affairs, and if you don't have a good time at Cooperstown (weather permitting) on July 3, 4 and 5, it will be your own fault and don't you forget it. We don't do things by halves in this town and you don't have to consult a map or gazetteer to find out where Cooperstown is located. Just remember this and buy your fire crackers early and come here and help make the great American bird scream as it never screamed before.

Bills are being presented pretty numerously and regularly these days—mosquito bills.

The Fargo Agricultural College base ball club came up to Cooperstown last Saturday to play a game here with the locals. 'It was a very one-sided game and lacked the snappy features of the game that make it interesting for the spectators. The A.C.'s are apparently much weaker than they were a year ago. The home team is showing up well and we predict that before the season closes the team will make a good record. The score was 18 to 6. G. C. Koyle officiated in the center of the diamond with the indicator and did not give the grandstand much chance to hand him out a good roast such as is customary at a ball game.

Few remnants of calico worth 7c, closing out at 5c. BERG BROS. & Co. One Price Store.

The Courier has been requested to call a halt on the ball players and others who are "working a free horse to death" in the matter of taking parties into the ball games free. It was not the intention of the management when it decided to allow the boys who do not get paid for their services to take their family in free to pass extra ones in also, but such has been the case and as a result the grandstand has been filled with people who do not pay. This is wrong and should not be tolerated. If a ball player wants to take his girl or his wife in and he is not salaried no objections can be made, but outside of that the line should be drawn. Salaried players are not entitled to any such privileges in our opinion as they are well paid for their services are no more entitled to privileges than the business men and others who support the team.
