It's a wet day that keeps Hyde of Hannaford at home. He went to Binford last Thursday, took orders for 3 De Laval separators, making 3 placed last week. At the national butter makers convention in St. Paul out of 830 butter entries, 720 were De Laval and it looks as if our butter makers were just as discriminating.

They left on the evening train for a few days outing and will settle down on their Bonness farm when they return.

The Cooperstown Amateur Dramatic Company was here Friday evening and gave their dramatic drama entitled "Between Two Fires" in three acts, to a fair sized audience. The play was well tendered in every part and was well worth the Editor's 50c. that it cost him to see the play which he advertised. Juell, of the Courier, seemed to be the star, or at least he was the star that the Tribune man kept his eyes on for fear that he would get out of town without paying the printer, in which he succeeded in doing. All right Bro. Juell we are still doing business at the old stand.

That's a pretty hot one for Juell Bro. Lowden, but it serves him right. We would feel exactly the same way were we in your place.

The local W. C. T. U. elects delegates to the county convention this afternoon. On the basis of representation it is entitled to six and president. Their hospitality bids fair to be fully tested from reports of prospective delegations.

Come and bring the family with you and if you have no family get part of somebody else's family, but come.

In order to make room for our new stock of furniture, I will offer at bargains, my entire old stock. Call and see us.

### S. ALMKLOV.

Mrs. Margaret Dye Ellis, of Washington, D. C. will be the guest of honor of the Barnes and Griggs county convention which she will address on the evening of June 26th. For eight years Mrs. Ellis has devoted her bright intellect and charming personality to the interests of temperance legislation in the halls of congress with signal success, as the record of her work abundantly proves. She is termed a "rare woman" by those who know most of her work at Washington.

DR. S. L. PLATOU, of Valley City graduate of Christiania University, Norway, will be in Cooperstown June 27th and 28th, for the purpose of practicing his profession. Regular visits last Friday and Saturday of each month.

The happy couple returned to Cooperstown last Friday and for the present will make their home with Mr. and Mrs. J. C. Hazard.

The COURIER, together with other friends wishes the newly wedded couple much happiness and hopes that their domestic bark will always have smooth sailing over the ocean of life.

Cooperstown defeated the Courtney ball club by a score of 6 to 2 Tuesday, in a very nice game. Anderson pitched for Cooperstown and showed up well. Hammerel was in the box for Courtney and done good work. The visiting team are clean ball players and it is a pleasure to play with them.

Mr. and Mrs. Gust Olson returned home last week from a two months trip into Montana, Washington, and California. On Tuesday June 17 occurs the annual election for members of the board of education, at which time one member for a term of three years is to be elected. Mr. David Bartlett's term expires and the COURIER believes that the electors could not do better than to give him a unanimous re-election. There is no salary attached to the office and certainly not very much glory if you take into consideration all the kicks that are coming from time to time from those who have a grievance. Mr. Bartlett is much interested in the welfare of our schools and has made a valuable member of the board. We hope to see him reelected next Tuesday.

Wanted to pasture a limited number of horses, \$3 per head for the season. Plenty of good water and pasturage. Hadlock Bros., Cooperstown, N. D.

Prof. C. W. Hodge and family have gone to Puyallup, Wash., to live. The Prof. was one of the foremost educators of this state and his removal is to be regretted by educators generally. For 10 years he taught the Cooperstown schools and for the past 7 or 8 years he has been at the head of the Carrington schools, meeting with marked success at both places. He was one of the oldest teachers in North Dakota, having taught in the state about 19 years. The COURIER wishes the Prof. abundant success in his new home, and heartily recommends he and his estimable wife to the good offices of the people of the community where he may be called upon to labor. Prof. Hodge stands at the head of the list as an educator and the school in Washington state securing his services will be in luck.

Campbell Bros. had their "opening day" last Saturday and entertained the biggest crowd that ever congregated under canvas at Fairbury and gave them the best show that ever exhibited here in any respect. Their course through the country will be followed with interest by their many friends here, and next November when the band plays "The Campbells are Coming" and give the whole outfit, baby elephant and all a hearty welcome home. Their train of 20 cars presents a fine appearance going through the country and is a big advertisement for Fairbury.
