The ladies returned from Leal last Friday where they had been holding a W. C. T. U. convention, which is said by all those who attended to have been a most enjoyable and beneficial affair. The medal contest was a decided success, each contestant doing so well that the judges had hard work to decide the matter. Mrs. Will Carleton, however, was considered to have won the medal and it was so awarded to her. The address of Mrs. Margaret Dye Ellis was very much enjoyed. The ladies speak in the highest terms of the splendid hospitality extended to them by the good people of Leal, saying that nowhere in this broad land could they have been more royally welcomed or more heartily entertained. Leal and her citizens who are so much interested in the temperance movement are to be congratulated on the splendid success attained in taking care of the delegates to one of the best conventions ever held in Barnes or Griggs counties.

The base ball boys returned home Monday evening from Devils Lake where they had been to play against the Grand Forks team. The boys ran up against a hard streak of luck. Hoar was sick, Jimmy Sinclair had a finger broken and was put out of the game, Anderson was laid out at first and Kelly came pretty near passing in his chips by getting hit by a ball. Altogether the boys were sadly demoralized and the score was 27 to 4 against us at the finish of the hippodrome. We'll try and forget it. On the way home they stopped at Aneta and played a game with the club at that place. The score ending 10 to 0 in our favor. Our club is considerably weakened for the celebration games.

Those of our people who took advantage of the chance offered to hear Mrs. Margaret Dye Ellis, one of our national W. C. T. U. workers, speak on the work attained at Washington through her department,—the legislative—were more than repaid for going, and it is to be regretted that so many other things were going on at the same time, thereby cutting down the crowd some, nevertheless quite a fair sized audience greeted her. The exercises of the evening were opened by singing and prayer and by a few excellent introductory remarks by our local president, Mrs. J. N. Brown, who very neatly introduced the gifted speaker. Mrs. Ellis has a charming way of presenting her story and for an hour kept her audience well entertained and thoroughly attentive. She gave her experience at the National capital in trying to get bills through congress in favor of temperance reform and paid a warm tribute to our Senators Hansbrough and McCumber for the hard work extended by them on the floor of the senate in behalf of the bills presented by the temperance people. She said that Senator Hansbrough was the recognized leader along these lines in the senate and wound up by saying that North Dakota should return him next January when the legislature meets. Her address was eloquent and to the point and the Courier believes that her work will result in much good being done to which we heartily say Amen.
