

Dr. PRICE'S CREAM BAKING POWDER

Dr. Price's Baking Powder supplies a pure, wholesome leavening agent, which makes the biscuit and cake of highest healthfulness at medium cost and protects the food from alum, which is the greatest dietary danger of the day.

The foremost baking powder in all the world.

PRICE BAKING POWDER CO.
CHICAGO.

Note.—Alum baking powders are low priced, as alum costs but two cents a pound; but alum is a corrosive poison and it renders the baking powder dangerous to use in food.
