Seeds! Seeds!

The prices paid for grain here are evidence enough that we are in the grain business but we wish to say that we intend making the seed business an important part of it. We have pedigreed seed to offer of all kinds.

**Southern Crown Millet
 and Macaroni Wheat.**

which yields 40 per acre. To those who have not learned that the best seed is the cheapest. We will say that we have gathered seed from the best and cleanest farmers in the county and which we offer twice cleaned, at a small advance over market price. Also

Why the Preacher Failed.
 "So the Rev. Mr. Goodley was a failure at that church, eh?"
 "Yes, he tried to bring the congregation into harmony with his ideas instead of bringing his ideas into harmony with the congregation."—Exchange.

Personal.
 Editor—You must try to cultivate a vein of satire.
 Contributor—How can that be done?
 "Well, study yours, if."—Life.

A Special Message to the

FARMER.

The scarcity and high price of labor forces the farmer to look around for labor saving and up-to-date tools and machinery, he realizes, that in order to make his farm profit producing, he must get profit producing machinery. We were reasoning like this practical farmer when we went east to the manufacturing centers to buy our spring stock for the season of 1903. That we were fairly successful the following popular lines will testify:

The "HERO" Grain Cleaner,

is a grain separator devised and perfected in our own state is the most RAPID and satisfactory grain cleaner ever made. For durability and strength it is a marvel. More "Heros" are sold in the North-west than all other makes combined.

The Dunham Pulverizer and Packer.

Made with flexible frame 12 and 15 foot size. The Dunham consists of heavy cast iron cutting wheels, weighing 70 pounds each, it packs the grain, leaves the ground in a rough condition, preventing blowing of the soil, and retaining the moisture. It has hard maple bearings and low hitch. It is the proper machine for our country.

The Van Brunt and Wilkins

Interchangeable Disc and Shoe Drill.

All sizes, either in a shoe or a disc, changeable from one to the other in a short time. High or low down frame. This is the most durable drill made, you don't need to run to town for extras if you buy a Van Brunt.

The "DEERE" Line.

The new Deere gang and sulky plow embodies the highest type of mechanical construction, the greatest efficiency and ease in operation, it is conceded the best plow on the market, no farm is complete without one. **THE DEERE VEHICLES** are just the thing, stronger than the strongest, and a little better than the best. We have on hand and displayed a complete line of Deere buggies, surreys, phaetons, road wagons, spring wagons and carts. Any style, rubber tires all the latest designs. We have 150 jobs on hand. We can supply you in a disc, spring tooth or smoothing harrow, are positive that we can suit you. As usual we handle the leading line of mowers, rakes and binders—**THE DEERING**, The 8 ft. cut **DEERING IDEAL** binder is the coming machine for North Dakota farmers, no side draft, no neck weight. We also have for sale the **NEW KENTUCKY** drill, disk or shoe, and the Tiger drill, also a full line of all seasonable implements. Make our warehouse a visit we have anything you want.

HORSES.

You will find in our sale stable at any time of the year a large bunch of heavy and light horses, Will buy or sell.

Improved Farms,

for sale or rent on reasonable terms. Call and see us, we are open for business at all times.

HAMMER & CONDY.

COOPERSTOWN, N. DAK.
