ONE WEEK HAS PASSED.

Pope Continues to Hold Out with Little Change in His Condition.

IS MORE COMFORTABLE THAN FOR DAYS

Doctors Say It Would Occasion No Surprise If He Would Continue to Live for Fifteen Days—Anxiety in Turin Regarding Pontiff's Condition—Receives Cardinals.

Rome, July 13.—Saturday brought to a close a full week since Pope Leo was stricken with illness, and it found him still battling against death.

A slight improvement is manifested in the primary ailment, but the condition of the kidneys now gives cause for a renewal of anxiety. This is increased by the danger of the pontiff's heart giving out at any moment.

A Tridium for the pope's recovery was commenced Saturday and will continue unceasingly until Monday night. Prayers will be said and chanted in Pope Leo's behalf and the expenses of the service will be borne by the ancient body known as the "Pope's Familiars."

Anxious Regarding Pope's Condition. A dispatch from Turin announces that even in the cradle of the house of Savoy, which wrested temporal power from the vatican, the people are dominated by anxiety regarding the pope's condition.

The British government has been obliged to forego its custom, dating back many years, of holding no diplomatic intercourse with the vatican. Saturday the government cabled direct to Cardinal Rampolla as secretary of state, saying a cable message had been received from the government of New Zealand, inquiring about the pope's health, and requesting an answer in order to transmit it to Premier Seddon.

Pope Leo continues to show great interest in arranging that his testamentary bequest shall be carried out. He has specifically designated Cardinal Rampolla, Mgr. Mocari and Cardinal Cretoni to see that every detail should be carried out as he desired.

TO UNITE RELIGIOUS BODIES.

Christian Endeavorers Launch Movement to Combine with E. L. and M. Y. P. U.

Denver, Col., July 13.—A movement of signal importance in the religious world has been launched by the Christian Endeavor convention No. 5, in session here. It is a tentative proposal to work for the amalgamation of the Christian Endeavor society, the Epworth league and the Baptist union, and it will be presented in the form of a petition from the Endeavorers to the other two national bodies.

To evangelize the world, this is the keynote of the pleas of the noted ministerial orators of this country and of England who, by their zeal and eloquence, are stirring the souls of the large audiences which attend the sessions of the International Christian Endeavor convention and the numerous auxiliary meetings.

Two pleasant impromptu features of the convention have been the presentation by Chaplain Robert E. Steel, of the United States navy, to President Francis E. Clark, of a small American flag, said to be first raised by American troops over Cavite and the expression given by Rev. R. J. Campbell, of London, to the sentiment of unity growing between Great Britain and the United States.

At ten o'clock a conference of state, district and local union officers began at Central Presbyterian church, President Clark presiding. Simultaneously the convention proper was in session at the large tent in Camp Endeavor.

"Great Scott, I'm thundering hungry, and I've worked out the reason by logic. You see, I get hungry by Boston time and they don't have dinner out here until western time, which is two hours later. Therefore, I am hungry two hours longer out west than I would be in Boston."

"Great guns, I wonder where the fulcrum of this pitchfork is! Don't know, sir. I haven't saw any fulcrum around here to-day."

"One of the gentlemen over at the other side of the field sent me in a great hurry to ask you for a left handed monkey wrench. He wants it right away."

PRISONERS BREAK JAIL.

Sheriff at Junction City, Kan., Is Overpowered, and Four Escaped in Jail.

Junction City, Kan., July 13.—Gilbert Mullins, the federal prisoner who led the mutiny at the Fort Leavenworth prison in November, 1901, and who has been in the county jail here for the past year awaiting trial on the charge of having murdered one of the guards in the mutiny, led an assault on Sheriff Peese early Saturday and he with three others, a white man and two negro prisoners, escaped. The sheriff was overpowered and badly cut about the head, but he succeeded in getting the cell door closed before all five prisoners could get out.

The quartette ran through the eastern part of town toward the river, and compelling a fisherman to row them to the other side, made for the thick timber.

The sheriff followed in a buggy and possees were quickly organized and joined in the chase. Later soldiers were sent over from Fort Riley to assist in the hunt. Shortly before noon two of the negroes were captured and returned to jail. Sheriff Peese, although badly injured, is still leading the search. Mullins, who is a negro, is a desperate man and it is expected he will put up a hard fight.

PROTESTS MOVE RUSSIA.

Practical Results Are Reported from Petitions Against Kishineff Horrors.

VIGOROUS INVESTIGATIONS ARE BEGUN.

Many Arrests Already Made and Severe Punishment to Be Meted Out to Guilty Ones—Information, Regarded as Reliable, Concerning Matter Reaches Washington.

Washington, July 13.—Information of an entirely reliable character concerning the Kishineff massacre has reached here. From advices received Saturday it appears that the protests which arose in the United States and many other civilized countries against the murderous attacks upon the Jews in Kishineff last spring have not been without practical effect.

This information has been moved to vigorous action in the matter of investigating and punishing those who were responsible for the Kishineff massacre. Eight hundred arrests have been made and as a result of the preliminary examination 350 persons have been remanded for trial in the lower courts. Four hundred and fifty cases have been sent to the court of appeal of which 53 are indictments for manslaughter. A change of venue having been ordered, the trials of those accused of murdering and horribly mistreating the Jews at Kishineff will occur in September at Tiraspol. The services of four distinguished lawyers have been secured to assist the prosecution in the murder cases, and three well-known lawyers will aid in the prosecution of the synagogue property cases.

Berlin, July 13.—The Frankfurter Zeitung says it learns, by way of Bucharest, Roumania, that the ring-leader of the Kishineff atrocities, a man named Piserjewski, has committed suicide at Kishineff because the director of the Russian ministry of justice had arrived there, commissioned by the czar, to make a stringent investigation into the horrors.

The Frankfurter Zeitung's correspondent adds that a number of persons previously discharged from arrest at Kishineff have been rearrested and that other persons morally responsible for the murders have been arrested.

The Frankfurter Zeitung also says it learns from another source that Former Gov. Von Kaaben has returned to Kishineff and is endeavoring to get the Jewish population of that place to unite in a testimonial to the effect that he behaved correctly during the massacres.
