Mrs. N. A. Patterson is enjoying a visit from her mother, Mrs. M. J. Weiser, who arrived from York, Pa., Tuesday. The lady is very much pleased with her first glimpse of North Dakota and we hope that her visit will be so pleasant that when she leaves she will have a good word to say for the best and healthiest state in the union.

N. A. Patterson received an agreeable surprise last Thursday. A very fine Lewallyn bird dog pup was received by express, sent by one of his friends away back in Pennsylvania. It is a very fine animal about six or seven months old and just right to break in this season. N. A. is justly proud of his new dog and is now in line to say that he has the best hunting dog in the country—a statement every one who owns a dog makes—and will no doubt tell some great work done in the chicken fields.

Prof. C. O. Singer, formerly principal of the Page school and for a number of years teacher at Stafford and other points in this section of Nebraska is coming back in Sept. to take charge of the Stafford school. Mr. Singer will be welcomed back again as a worthy addition to the teaching force of our county. Such energetic and capable men as he will tend to raise the standard of the schools of our state. He was educated at Dixon Normal College Ill., Marion College, Ind., Nebraska Normal College and did special training and method work under the notable Dr. Kinnman. Mr. Singer is a teacher of great strength and broad educational views. He is just closing a very pleasing and profitable, eighteen months term of school in North Dakota. Men of such character and ability very materially aid in the advance of progress and civilization, and the citizens of Stafford are to be complimented for securing the services of such an able educator.—Page (Neb.) Reporter.

The Courier endorses the above. Mr. Singer has been one of our county teachers for the past year and has given first class service. He has worked every day since he came here and is an energetic, painstaking teacher. He informs us that he likes North Dakota and the people here and will return next spring. The position offered him is much more remunerative than he can get here, hence the change. The Courier congratulates the Prof. and will be pleased to see him back next spring.

Miss Sarah Anderson entertained a number of her girl friends at her home last Friday afternoon, the party being given in honor of Miss Mabel Scott, who is soon to leave Cooperstown to take up her residence in Minneapolis. The party was indeed a very delightful one and the walk in rang with the joyous mirth of those participating. Various games, guessing conundrums, etc., whittled away the time very rapidly and a delicious lunch was served. Miss Sarah's entertainment will long be remembered by Miss Mabel, who will carry away with her to her new home many pleasant memories of her eight years residence in Cooperstown.

7-1-m ELY & DUSBABECK.

While driving into town last Sunday night in the bright moonlight up the hills four and a half miles east of town a professional gentleman, who had been making a call in the country, was nearly thrown from his buggy by his horses shying at a large red object resting peacefully and serenely by the roadside with the bright yellow beams of moonlight playing upon its shiny surface. On the seat of this vehicle rested a photographer's camera with the shutter closed and a general air of "fall in" surrounding it. On investigation it proved to be a Rambler automobile with life extinct. The chauffeur and the other fellow had probably hit the turnpike for town and by this time the balky machine again rests in its stall in the city. Automobiling has its pleasures these moonlight nights as well as its disappointments, eh, George!

MARRIED—Mr. Gilbert P. Hammer and Miss Edith Hurnance were united in marriage at the town residence of the bride's parents, Mr. and Mrs. E. A. Hurnance, Sunday noon, July 20th 1903. Rev. Ferguson, of the M. E. church, was the officiating clergyman. Only a few relatives were present. Mr. Hammer is the enterprising young clothier of this city and a popular young man. The bride is a charming young woman who has many friends in this city and surrounding country. She is a graduate of the Winthrop schools. The happy couple will reside in the Hurnance house on East First street. The Gazette extends congratulations and best wishes.—Sumner (Ia.) Gazette.

The above notice will be news to our many readers who did not anticipate such a move on Gilbert's part, however he has a host of personal friends at Cooperstown and all over Griggs county who heartily congratulate him and his bride and will join with the Courier in wishing them a long, happy and prosperous life.

Cashier Link of the North Dakota collection agency at Fargo recovered a valuable pointer belonging to O. W. Kerr Thursday. The dog was taken from Fargo by one of the camp followers of the carnival, and was accidentally located here. Mr. Link got the dog through the help of Manager Patterson who rendered all assistance possible. The dog was taken by a man not connected with the company and was being hid in a tent when the officers and cashier arrived. The case was settled by the payment of the expenses of the trip and the party was glad to get out with that light a deal.—Alert.

A preacher came to a newspaper man in this way: "You editors do not tell the truth. If you did you could not live, your newspaper would be a failure." The editor replied: "You are right, and the minister who will at all times and under all circumstance tell the whole truth about his members, alive or dead, will not occupy his pulpit more than one Sunday and then he will find it necessary to leave town in a hurry. The press and pulpit go hand in hand, with whitewash brushes and pleasant words magnifying little virtues into big ones. The pulpit, the pen and the gravestone are the great saint making triumvirate." And the great minister went away looking very thoughtful, while the editor turned to his work and told of the surprising beauty of the bride, while in fact she was as homely as a mud fence.

Misses Dell Wilson and Maude Trubshaw held a fair on the veranda of Maude's home last Thursday. The young ladies had a large assortment of fancy articles mostly for service for dolls and the fair was largely patronized by the children from all over the neighborhood. Free lemonade was served to the customers which sharpened up their desire to purchase and was a good stroke of business upon the part of the promoters of the fair, for they sold off all the goods like hot cakes. The fish pond was presided over by Dorothy Payne and she did a land office business, while the goods held out.

Mrs. John Syverson delightfully entertained a large company of lady friends at her elegant home on the Boulevard last Friday afternoon, the party being one of the recherche events of the season. The ladies divided their time in the house and on the beautiful lawn guessing at conundrums put up in various and novel ways. The time went only too quickly and the shades of evening were fast coming on when the party disbanded, all expressing delight at the good time given them by their hostess.
