## THE COURIER.

President Roosevelt has issued a call for a special session of congress to meet November 9th.

If Patrick J. Lyons of Steels doesn't crawl into a hole and pull the hole in after him he is a chump after the dressing down that Editor Wells gave him last week. Pat had no call to get into the game and if he had been better acquainted with Wells he would have "passed." He had better join Dowie and tell his troubles to the police.

The Valley City Times-Record has been sold to a party of gentlemen of whom Mayor Darby O'Malley is one of the number. The genial mayor will now have an organ of his own in which to throw the calcium light onto his electric light plant. Bro. Nye did not mention the sale in the last issue of the Times Record so it may be all talk. He has made a good paper out of the Times-Record, which is one of the best paying plants in the country.

In Iowa the republicans are having a sort of family jar, as it were. One faction favors what is known as the Iowa idea while the other faction are called "stand patters." In view of this fact with the party divided it is no more than reasonable to expect a reduction in the usual majority for the state ticket. Yet the democratic press sees a beacon light illuminating the political skies and the Grand Forks Plaindealer rapturously vociferates that if the republican majority in Iowa is cut down the election of a democratic president next fall is certain. A small thing sometimes buoys up the hopes of the average democrat, but we cannot see much comfort for that party just because the Iowa republicans are fighting among themselves. That state will give about its usual majority and the republicans the country over are in good trim to carry the election of Roosevelt by a bigger popular majority than ever.

The following resolution adopted at a recent meeting of the state high school board ought to meet the approval of every loyal citizen of North Dakota. The superintendent or principal who ignores it should be forced to go to some other state and seek employment. The man employed and gaining his livelihood in North Dakota should support her institutions. "Believing that the educational institutions of our state namely, the manual training school, the normal schools, the agricultural college and the university are worthy the support of all state high schools, therefore, be it resolved, that the high school board discontinue any influence which tends especially to divert the young people of our state to institutions in other states, and the superintendents and principals of state high schools are hereby urged and requested to give North Dakota institutions their undivided support."

### Notice.

The board of directors of the Griggs County Fair Association will meet on Saturday Oct. 31, at 1 o'clock p. m. This meeting is called for the purpose of settling up this year's business and to talk over and lay plans for next season. It is quite necessary that the full board should be present.

## Hannaford.

This must be the Indian Summer that we have been looking for all the Fall.

W. C. Langdon took another trip to Fargo last week. W. C. had over 10,000 of wheat this year 2,700 of flax, besides oats and barley. That ought to support two.

Soren Berg has remodeled his machine warehouse, put in a glass front and will soon have a complete line of furniture on sale.

The school house is being decorated with a 2nd chimney. What it wants is that they should be carried high enough to avoid back draft from tower.

Chas. Patterson is changing the color of Mr. Langlie's house.

The boys and girls spent a social evening at J. H. Mulroy's last Friday.

Walter Richardson will soon move into the old Tom Knapp place.

Basket next Saturday between Hannaford and Cooperstown. Come out and bowl.

Mrs. P. Peterson fell into the cellar of the new bank building, breaking her wrist and hip. Owing to the sidewalk being covered with dirt it was hard to tell in the dark where one was going and it should have been fenced.

Jens Larson now has a neat cottage on Central avenue and will be independent of landlords. Only trouble is that it is hardly big enough for two.

Thomas Concert Co., played to a crowded house, Monday and Tuesday evenings. Their program is clean and interesting.

Our school is doing very well indeed this year and parents should show their appreciation of the teachers good work by compelling regular attention of their children.

Mrs. Isaacson and Miss Markson returned from their claims Tuesday.

Frank Hyde writes from Salt Lake City that he expects to return to California for the winter.

Monarch elevator was closed Saturday and part of Monday owing to a break down.

C. E. was very well attended last Sunday evening and \$5.00 raised towards support of missions.

P. Peterson is moving into Groven's new building.

### A Love Letter.

Would not interest you if you're looking for a guaranteed Salve for Sores, Burns or Piles. Otto Dodd, of Ponder Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best Salve on earth. 25c at H. H. Bateman's Drug Store."

## La Moure North Dakota.

Prof. G. B. Thomas has just completed a three nights' engagement, under the auspices of the A. O. U. W. Lodge, which proved very satisfactory in every detail. His travel talks are not only entertaining but very instructive. The illustrated songs are all that anyone could wish. His illustrations are well selected and up to date. I heartily commend him to any church, or society, for their favorable consideration.

## Wedding Bells.

A very pretty home wedding occurred at the residence of Mr. and Mrs. J. E. Johnson last Tuesday afternoon, at 4 p. m., October 27th 1908, when their only daughter Elizabeth, was united in marriage to Mr. Henry A. Blocker, son of Mr. and Mrs. John Blocker. The ceremony was witnessed by the relatives of the contracting parties and guests numbering nearly fifty. The wedding party took their places in the parlor, the wedding march being played by Miss Ida Stevens. The bridesmaids were Misses Josie Anderson and Josie Nordhagen, while the groom was attended by Mr. Ed. Blocker, and Mr. Harry St. John. Rev. E. T. Silness, pastor of the Lutheran church performed the ceremony. After receiving the hearty congratulations of friends the company sat down to a very fine wedding supper, following which the evening was spent in a social way, music, etc., filling up the program. The bride is so well known to our readers that it is hardly necessary for us to introduce her. She has grown up in Cooperstown and her friends are legion. She is a very pleasant lady and knows how to win friends. She will be greatly missed by the Lutheran friends as she has been a great help to that church in many ways having officiated as organist. The groom is a popular young man, well liked and respected, and is at present connected with the firm of H. S. Halvorson & Co. at McHenry as book-keeper. The happy couple left on yesterday morning's train for their home at McHenry, followed by the hearty good wishes of a host of friends. The presents they received were numerous, costly and useful. The Courier wishes Mr. and Mrs. Blocker a long, happy and prosperous wedded life.
