### Mabel.

The social season was opened in Mabel township last Friday evening with a dance at the home of Mr. and Mrs. J. B. Byington, there was about thirty couple present, quite a few coming from Hannaford, among them was Billy Sinclair, Bert Olmsted the Misses Julia and Ida Feiring, Oscar Wold, John Jackson and others. Supper was served at 12, after which dancing was resumed and kept up till the roosters began to sing their morning songs when they all left saying they had had a most delightful time.

Varnum Van Vleet has sold his farm of 4 section with good buildings to Mr. A. S. Maynard, we understand the consideration was \$24 per acre. Mr. Van Vleet has purchased a farm in Oregon where he will move as soon as he can get his crop hauled to market and get straightened up. Van was one of the first settlers in Mabel township has been a very successful farmer, was chairman of the town board of supervisors for about six years and here's hoping he will make a success of his new venture.

Ben Howden is building a new barn for his stock this winter, so keep your eye open for another dance soon, for Ben used to say he wouldn't put up a new building for a man unless he would give a dance in it.

C. J. Eriandson has just finished up his falls threshing and pulled his machine in, having got in about 33 days, out of 65. This we believe winds up threshing in this neighborhood.

### Temperance Notes.

The following from the Standard National Baptist Journal, of recent date and quoted by the New Voice, is a rational survey of the temperance question.

"Sentiment in favor of prohibition of the use of intoxicating liquors is steadily growing. This is especially noticeable among business men. The travelling salesman who attempts to heat the imagination of his customer by 'treating' him to hot drinks is liable to be 'fired' by his employer.

One by one the railways are compelling their employes to be temperate. It was only the other day that several additional railways having headquarters in Chicago issued orders declaring that men in their employ must not be users of intoxicants or cigarettes.

More recently the Western Electric Company of Chicago, one of the largest manufacturers of electrical apparatus of every sort, notified its employes that 'playing the races,' the use of cigarettes and other forms of immoral conduct to impair the usefulness of workmen that men who practice these habits are not regarded as desirable employes and are subject to dismissal.

In a company of Chicago gentlemen last week a successful banker and capitalist declared that in his belief, the time had come to prohibit the manufacture and sale of spirituous liquors.

Immediately assent was given to this statement by two other members of the group, each of them men of affairs and each a former partner of the leading merchant of the west. Furthermore, one of these two, himself a most zealous upholder of Republican policies, asserted that if a Prohibition law could be voted upon, free from partisan issues, the size of a favorable vote would be a surprise to many people."

The one dollar dues in the N. D. W. C. T. U. does not take effect until next November, as the constitution cannot be changed without one year's notice. This point was overlooked in the report of the convention. The convention voted to recommend the change.

### Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age, Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect pill. 25c, at H. H. Bateman's drug store.

### Concordia College Opened.

Concordia College opened Oct. 6, 1903 and thus commenced its thirteenth school year. Over seventy students and faculty assembled in the chapel hall for the opening exercises. Rev. J. H. Enderlin, N. Dak., who was appointed inspector at the United Church conference, gave a speech in which he reminded those present of the importance of making use of their opportunities and especially dwelt on the value of a church school.

Many of the students had never previously left their homes and consequently some felt a little lonely; so on the Saturday evening following the opening a reception was given by the older students for the new ones at which they all became acquainted with the faculty and with one another. A short program was rendered, then games were indulged in, refreshments served and a pleasant social time enjoyed by all.

On Monday evening Oct. 19 a program was given which helped to banish finally and effectively every sign of homesickness. At present preparations are being made to celebrate the anniversary of the founding of the school and the program will be given Monday evening Nov. 2nd. Rev. A. Wold will deliver a speech in the Norwegian language and S. G. Houge in the English tongue; the musical numbers will be furnished by the students and local talent.

Many improvements can be noticed at the school, a ladies comfortable sewing room and well equipped experimental kitchen have been prepared for the students in the ladies course, which is a very popular one. The reception room has also undergone a transformation and is especially inviting. Another very welcome improvement is soon to appear, namely an addition of about one hundred volumes to the library. Many visitors have been present. Rev. J. M. O. Ness, who has been traveling in the interest of the school, spent last week at Evansville and Wolverton and visited the school many times. He is still in the field and Sunday Oct. 25, he and Prof. Bogstad conducted services at Petersburg, N. D. Mr. Anderson, formerly an instructor at the Madison Normal school, called upon the Misses Fero. Mr. Nels Hagen came up from Perley to introduce his son, Gilbert. Mr. Wier of Hickson visited his son and daughter, who attend here. Mrs. Engen from Brainerd brought her daughter to the school and Mrs. Skjonsby of Christine, N. D., her niece. Mrs. Cornellason and Mr. Hanson of Comstock called upon Matilda Askegaard who is a student. Miss Stoa came up from Wolverton with her friend, Miss Erickson who decided to take the teacher's course. Some of the most welcome are the graduate students who have come back to resume their studies and graduate from a more advanced course. The Misses Norbryhn, Johnson, Peterson, and Mr. Thorn and Mr. Gratias, all graduates of last year, are now in attendance. The present attendance is now over one hundred, the largest in the history of the school at the opening of the fall term.

Mr. Hugo Gratias a retired farmer who used to live up about twenty-five miles north of Cooperstown, has just finished a seven thousand dollar residence on seventh street north, Fargo. Mr. John Maurer of Binford, has enlisted his intelligence capacity with the able instructors of Concordia College. Mr. John Rickford of Bue has been at Fargo for medical treatment for the past month and having been operated upon three times is now convalescing nicely and expects to be home soon.

The Maccabees and their ladies tendered Mr. and Mrs. B. A. Furlong a surprise party Monday evening. They were told to appear at the lodge rooms to attend to lodge matters and when they got up there were greeted by a crowd of friends. Mr. Furlong was presented with a fine watch chain and charm by the Sir Knights and Mrs. Furlong was given a beautiful silver cake or fruit dish. That this worthy couple were greatly taken by surprise goes without saying—they were too full for utterance but greatly appreciate the gifts nevertheless. Mr. and Mrs. Furlong will carry with them many pleasant memories of their lodge associations to their new California home. A fine lunch was served to which all were surprised—at the good things produced for the inner man.
