Martin Rood started out on Burrall Route No. 1 Monday morning. He says part of the boxes were not in position, some of them were placed about nine feet high and would require the carrier to carry a ladder with him, while others were too low. Each box should be about four and one-half feet high and set up so that the carrier can easily get at it. A postoffice rural official will visit the route shortly and all boxes not placed according to requirements will not be served with mail until they are. Patrons might just as well do it right now as any time.

The Cooperstown girls went down to Hannaford last Saturday to play the return game of basket ball with the girls at that place. They had a very nice time and a good game but the county seat lassies were too much for the girls of the creek town and the game ended 17 to 10 in favor of Cooperstown. The girls report a fine time and enjoyed themselves exceedingly. Basket ball will become very popular in the future and we look for other towns along the line to take it up.

In the future the party sending in news items must sign his name to the communication and all letters must reach this office not later than Tuesday to insure going in the paper that week.
