Hannaford.

Foster says that March will be a
rip roarer so look out.

W. C. Gibbs will sever his connec-
tion with the Langdon farm March
15. He will have charge of the Bond
farm near Courtney.

One man said he didn't suppose
there were so many hogs in the
country as were seen on our streets Satur-
day. S. H. Berg went with the car to
St. Paul.

Death silently and suddenly entered
the home of S. H. Berg Sunday morn-
ing, taking Miss Laura Reynolds. She
had been troubled with her heart for
some time but has not been seriously
ill, and the end came suddenly. She
passed away very quietly surrounded
by many friends. Her father, who
was here on a visit, will take her home
for burial.

George Lonnet went to Fargo on a
visit Saturday evening. George has
purchased a driver from Wall Sinclair,
and won't need to take anybody's dust
after she is trained.

The L. T. L. held a very successful
open meeting some little time ago and
now arranging for a contest.

Fred Sinclair accompanied by Mrs.
Church, returned to Portal Monday.
Fred says that they will want to bor-
row our Billy for one or two games
this summer and will also want to
bring their team down here and do us
up to a finish. He can borrow Billy
but as for the rest he will have to go
to Cooperstown.

The creamery meeting Saturday was
largely attended, and while quite a
few were of the opinion that the time
wasn't ripe for two creameries in the
country, yet the majority were in favor
of going ahead with one here regard-
less of Cooperstown. We were asked
our opinion, and while we realized
that we were with the minority, yet
we haven't reached the point of hid-
ing our thoughts for the sake of being
with the majority. We are asked why
we oppose a creamery at Hannaford,
and side in with Cooperstown. We
don't oppose a creamery at Hannaford
but we do say and believe that the
time is not ripe for two creameries in
Griggs county. We have many advan-
tages over Cooperstown, but their
business men can raise more funds
than we can, they had the honor of
making the first attempt and first
failure, if they went on in with us, let
them make the second attempt and
the first success, or second failure.
Let our committees go ahead and per-
fect their organization, get their or-
dies of incorporation, elect their
board and manager. Make arrange-
ment for gathering cream, gather the
cream this summer and ship to Coop-
erstown. Arrange that the money for
it must be deposited in the Hannaford
bank and checks only cashed at that
bank. Let the stockholders get to-
gether next summer do all the neces-
sary excavating and drawing of mat-
erial, put their buildings up for half
of what they can now, and when they
see that the farmers are going to stand
by it and make a success of it then go
ahead. Far better to be sure than
sorry, and better no creamery at all
than a deserted one. In many ways
we are not ready for a creamery. We
haven't the right kind of cows and
only a few farmers who are ready and
willing to give those cows the right
kind of care and feed. When on the
farm we kept as many cows as the
average farmer. We thought we knew
something about it, but changed our
mind after a few months' experience
in Kansas. We had an interest in a
dairy farm for three years, milking an
average of 20 cows. The milk check,
selling milk at 10 cents a gallon,
amounted some months to over \$100.
There is lots of money in it and our
farmers have got to come to it sooner
or later, even if it does mean 365 days'
work in a year. A knowledge of what
is best to feed and how to feed. We
can't see that one year's delay is going
to make any particular difference to
the farmers as long as they start selling
their cream this spring and we stand
it a very short eighties policy that
doesn't recognize the fact that
the farmers interest should be para-
mount. Until we are on a manufac-
turing basis the town is entirely de-
pendant on the farmer. They can be
prosperous without us but we can't be
prosperous without them.

A Boy's Wild Ride For Life.
With family around expecting him
to die, and a son riding for life 18 miles
to get Dr. King's New Discovery for
Consumption, Coughs, and Colds, W.
H. Brown, of Leesville, Ind., endured
death's agonies from asthma; but this
wonderful medicine gave instant relief,
and soon cured him. He writes: "I
now sleep soundly every night." Like
marvelous cures of Consumption, Pneu-
monia, Bronchitis, Coughs, Colds and
Grip prove its matchless merits for all
Throat and Lung troubles. Guar-
anteed bottles 50c and \$1.00. Trial bottles
free at Bateman's drug store.

Fearful Odds Against Him
Bedridden, alone and destitute. Such
in brief was the condition of an old
soldier by name of J. J. Havens, Ver-
sailles, O. For years he was troubled
with Kidney disease and neither doc-
tors nor medicines gave him relief. At
length he tried Electric Bitters. It put
him on his feet in short order and now
he testifies. "I'm on the road to com-
plete recovery." Best on earth for
Liver and Kidney troubles and all
forms of Stomach and Bowel Com-
plaints. Only 50c. Guaranteed by
H. H. Bateman, Druggist.

There will be a meeting of the stock
