A Frightened Horse.
Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences. It behoves everybody to have a reliable salve handy and there's none as good as Bucklin's Arnica Salve. Burns, Cuts, Sores, Eczema and Piles, disappear quickly under its soothing effect—25c, at H. H. WARNING TO DAIRYMEN
Do you send your milk to a creamery to be separated, and bring home skimmilk that is a mixture of that from the different herds? If so, are you not aware that you are endangering the lives of your cattle, for if any of the patrons have sick cows, there is great danger of carrying the disease home in the skimmilk. A recent report stated that one party lost 29 out of 30 heads, another 17 out of 22, and that the patrons of one creamery alone lost about 400 head from some disease that was very contagious.
PROTECT YOUR COWS BY USING A U. S. SEPARATOR
With a U. S. Farm Separator you have your own skimmilk, pure and sweet, to feed. If these patrons had used U. S. Farm Separators and sent their cream to the creamery this disease could not have spread this way.
Remember the U. S. HOLDS WORLD'S RECORD for clean skimming, with average loss for 50 consecutive runs of only .0138 of 1 per cent.
