The Celebration.

For once Cooperstown was favored with fine weather on the days of its annual celebration, the 4th and 5th were beautiful days and the Fair Association gained thereby. On the fourth there was a large crowd and the program all through the day was carried through without a hitch and the people seemed to enjoy themselves. The industrial parade was very good indeed, the numerous floats represented being very artistically arranged. The ball games were participated in by the teams from Rogers, Hannaford and Binford. Hannaford gets first money and retains the cup, Binford second Rogers third. The races were very good, on account of the lateness of the week we are unable to give a detailed account of them or the ball games. The guideless horse was a great drawing card and the people appreciated this feature. The stock exhibit was fine and shows that the association is doing much towards encouraging the raising of good stock. The celebration both days was a success and the association and citizens can be congratulated on the successful termination of the blow-out.

Wonderful Nerve.

Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, burns, scalds, sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c, at H. H. Bateman, Druggist.

Jennie Bathey Married.

Victor, Colo., June 29.—Miss Jennie Bathey, a well known young lady of this city, and Arthur Colburn, son of Judge Colburn, owner of the Ajax mine, were married at high noon today at the home of the bride's aunt, Mrs. C. E. Cooper, on Victor avenue. The couple left immediately for Colorado Springs and the east. After a wedding tour they will return to Colorado Springs to live.

Miss Bathey is a North Dakota product and was born at Cooperstown eighteen years ago. Her many friends unite with the Courier in extending congratulations.

Connected with The Great Pan-American Shows there is in all probability the grandest and greatest Hippodrome ever seen on any ellipse since Rome exploited the first. Scores of fearless horsemen and horsewomen, teams of horses, blooded and in their prime; Arabian and Kentucky thoroughbreds, fleet of foot and handsome. There are Roman, Standing and Charlot races, two and four horse; there are Steeplechases, Hurdle Races; Flat, Trotting, Racking and Running Races; there are Pig and Pole, Sack and Wheelbarrow, Man vs. Horse; Whipplet Dog, Indian vs. Indian, Pony, Obstacle, Pony and Monkey, Clown, Mule and Goat Races, Elephant and Camel, Deer and Hound, Man vs. Man and Woman vs. Woman Races. In a word, all kinds of races ever run will be duplicated and many novel ones introduced at The Great Pan-American Shows at Cooperstown, July 13.

PURINTON, Secretary.

Deceptions of Wild Birds.
Falcons, hawks—the largest species—can compress their feathers and look very slim if they think it necessary to do so. As to the owls, they can hump up into any position they think most suitable. It is useless to look for these self preserving traits in any of the family kept in zoological collections, for the birds are so accustomed to see large numbers of people passing and re-passing or standing in front of them that they treat the whole matter with perfect indifference. They know that at a certain time their food will be brought them and that they are otherwise perfectly safe. Then the raptors in a wild state have a bloom on their plumage like the bloom on a bunch of grapes, which is not often seen when in captivity.—Cornhill Magazine.

Disenchanted.
"Until I met you, Matilda," he murmured in a voice husky with emotion, "I believed that all women were deceitful, but when I look into your clear, beautiful eyes I behold there the very soul of candor and loyalty."
"George," she exclaimed with enthusiasm, "this is the happiest moment I have known since papa took me to the London oculist!"
"Yes, dear; you never would have known that my left eye is a glass one."
Then the moon went under a cloud, and George sat down and buried his face in the sofa cushion.—London Answers.

WARNING TO DAIRYMEN

Do you send your milk to a creamery to be separated, and bring home skimmed milk that is a mixture of that from the different herds? If so, are you not aware that you are endangering the lives of your cattle, for if any of the patrons have sick cows, there is great danger of carrying the disease home in the skimmed milk. A recent report stated that one party lost 29 out of 50 head, another 17 out of 22, and that the patrons of one creamery alone lost about 400 head from some disease that was very contagious.

PROTECT YOUR COWS BY USING A U. S. SEPARATOR

With a U. S. Farm Separator you have your own skimmed milk, pure and sweet to feed. If these patrons had used U. S. Farm Separators and sent their cream to the creamery this disease could not have spread this way.

Remember the U. S. HOLDS WORLD'S RECORD for clean skimming, with average loss for 50 consecutive runs of only .038 of 1 per cent.
