The republican county ticket is the best that has been built by the party for the past few years. There are no sore spots and all those who helped nominate that ticket went home with a determination to work for it.

Mr. and Mrs. B. N. Howden returned last Thursday from a week's visit to relatives at Edmore, N. D. Banker Garborg and ye editor "bubbled" up to Binford last Friday to see the ball game between Binford and a team composed of Indians from the Fort Totten reservation. The game was too tame and one sided to even be interesting and Binford had it easy the score being about 27 to 3. The Indians were all evidently of one name—Hole in the Bat. Some of them were pretty good players but when a ball went out into the field they all bunched like a flock of sheep. They are quiet fellows and understand the white man's game all right.

We have improved farms for sale.

Finn Van Voorhis was in town Tuesday shaking hands with his many friends—and he has a whole lot of them down this way who are always glad to see him. Finn thinks the republicans nominated a dandy ticket and like all good republicans is glad of it.

E. C. Butler returned Tuesday from Grand Forks where he took in the fair. He says that in the horse racing business they beat us all hollow, but on stock exhibits the Griggs County Fair Association is away ahead. This speaks well for the farmers of this county.

Hannaford and Cooperstown played a return game of ball on the grounds of the former last Saturday afternoon and when the smoke of battle had cleared away the score read 15 to 7 in favor of the Cooperstown boys. We did not see the game but if the score is anything to go by it must have been somewhat punk. We are pleased, however, that the large score is on our side. We have won two out of three with Hannaford this year which is not so bad, after all.

The married men and single men played a game of ball here last Friday afternoon and it was a hot game and no mistake. Oliver Stevens and Fred Evenson was the battery for the single men and Oswald Melgard and J. H. Sinclair officiated in a like capacity for the married men. Mat. Evenson was the umpire which gave the single fellows a little the best of the deal, but notwithstanding that he tried his best to win for the singles the married men won out by a score of 10 to 9. The single men claim that the umpire gave them the worst of it and want to play again with a league umpire imported to referee the game. The rooting was fierce at times both sides being well and ably sustained by their respective adherents.

Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt, of Bragerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial bottles free at H. H. Bateman's Drug Store.

The republican party of this state last week nominated a very strong ticket and the only regret coming is the turning down of Hon. B. F. Spalding for congress the gentleman being the unanimous choice of the party of this state for a renomination. We are sorry that this has happened because Mr. Spalding was a very useful man in congress. However, when a person gets tangled up in politics he must figure that there are many stumbling blocks in his path, and no matter how much the party at large wants him, the favorite sons of other counties are out to win and form combinations that unless he is in the deal naturally leads him to defeat—it is the ups and downs of politics and always will be so long as politics are conducted under the present system. We don't approve of the method by any means and our only hope for a change is in a direct primary system that will give voters a chance to select their candidates without the influence of combinations. Until we get a primary election law we shall have to put up with combinations and schemes. The ticket nominated is a good one and one that the republicans of the state can support heartily. Hon. A. J. Gronna who has been nominated for congress, is a man who has made a success of life in business, is a man of the people, and will no doubt ably represent the state in congress.

WANTED—Good girl for general housework. MRS. C. T. WHIDDEN.

Olaf, the fifteen year old son of Martin A. Ueland met with a peculiar accident Tuesday evening. A neighbor brought some horses to put in the pasture and Olaf was sitting in the rig leading a horse. Somehow the driver started up quick jerking Olaf's hand and breaking it just above the wrist. Dr. Brimi reduced the fracture and the boy will be all right in about six weeks.

There seems to be an organized gang of horse thieves doing business lately in this section, several head having been stolen recently. The latest theft reported is that of a fine 1400 pound horse belonging to Charley Johnson, of Willow, which was stolen from the pasture on the night of last Thursday or early Friday morning. Sheriff Flynn has been scouring the country for the thief or thieves but up to date has not been able to get any trace of them. It is the general opinion that it is the work of an organized gang.

Mr. Frank Gladstone, the republican nominee for states attorney, has the ability to conduct the affairs of that office to the satisfaction of the people if elected. He is a graduate of the New York state bar and is a careful and studious gentleman. He is also a man of exemplary habits, and would be an honor to the county in the position for which he has been nominated. He is popular where he is known and we certainly would like to see him win out.

Attention Farmers.

The report that the Minnie harvesters will not be made after this year and that there will be no extras for them, is a falsehood, and the stories circulated to that effect by other companies, and especially by the International Harvester Co., are unfounded.
