Some of the citizens of McHenry petitioned their village board to dissolve the village organization on the ground that to keep it up was too expensive. The board hit the petition a solar-plexus blow the other day by refusing to comply with the request, which is an evidence that McHenry has a good board for the town. A village organization is a good thing for any town and need not be any more expensive for the people.

Mr. and Mrs. P. R. Trubshaw and Miss Maude were very nicely entertained by Mr. and Mrs. Rhodes last Wednesday. Our family was invited to take an auto ride out to the magnificent farm of Mr. Rhodes sixteen miles west of town. This was the editor's second trip to that part of the county in nineteen years, the first time being in winter time when nothing could be seen. Mr. Rhodes lives in a very fine neighborhood surrounded by a fine class of good farmers everyone of whom is thrifty and doing well. He and his sons Ed. and Orion have a fine farm of 1500 acres the crop on which at this writing promises big returns. He has 550 acres of wheat that give promise of 30 bushels to the acre. His barley crop was in the shock and was so thick that it was a pleasure to look at it. The flax crop is elegant and in fact everything on this farm in the crop line was fine. The farm is equipped with everything that is needed, elevator, blacksmith shop, feed mill, threshing machine and all kinds of modern machinery, and is a living example of the push and go-aheadiveness of the Rhodes family. Partaking of a hearty supper the party was whirled home in the gloaming in Mr. Rhodes' big touring car and we can truthfully say that we had all spent one of the most pleasant outings it is possible to have.

Supt. Burt of the Northern Pacific came up to Cooperstown last Thursday to consult with the business men about a proposed exclusively passenger train service. He was acting under orders from St. Paul officials who had been petitioned by the business men's club of this place for such a service. Mr. Burt could not say whether such a train service would be granted but he made the statement that he would recommend such service as far as Cooperstown and that he would send in his recommendation to the St. Paul officials right away. It is our opinion that this branch is entitled to a regular passenger train from Sanborn to McHenry all the year round and we hope to see this service inaugurated.

A very religious man ran a clothing store. He always told his clerks to do nothing that was not warranted by the Bible. One day he learned that a clerk had charged a customer \$3.00 for a \$1.50 article and took him to task. "Can you think of a Bible quotation," he asked of the clerk, "that would warrant such conduct?" The clerk said he could and quoted this: "Behold he was a stranger and I took him in."—Ex.

This is how a Kansas candidate opened his speech when addressing the free and independent citizens last week: "When the primordial atomic chimpanzeeed, up-country giboules begin the agitation of the filigreed and dedizem ornamentation of their bedlamitic imaginations, in the belief that they are working out the substratum of cold facts in connection with state politics, they out emphasize the fact that great men are not always wise, neither do the aged understand wisdom.

Rev. J. S. DeLong informs the COURIER that the people of his congregation in the Howden district have decided to build an M. E. church the foundation for which is already built. The building will cost \$2000 when complete and \$1400 of it has already been subscribed. The church will be located on the southeast corner of section one in Mable township on land donated for the purpose by Mr. Robert Bailey. It will be a neat edifice and a good thing to have in the neighborhood. Mr. DeLong is evidently a pastor who does things and we are glad to note his success along these lines.

The COURIER was in error last week in stating that a girl baby had been born to Mr. and Mrs. Joel Jameson. It was a fine boy and the happy parents object to their son being called a girl—which is no more than right. The baby was born on the 12th instead of the 11th as stated by the COURIER.

Fabio Romani, Marie Corelli's famous melodrama, was presented at the opera house at this place last Friday night, a large audience being present to witness its rendition. The company presenting it certainly did well with the facilities afforded. Mr. Arthur Stanley, the leading man, is an exceptionally good character, in fact the entire company is good. This is one of the cleanest companies that has visited this place and their work was well received.

Silver Dick Shadrick was in the city last Friday and we are informed that he is billed to make a speech here on his next visit in the interests of the democratic party. Mr. Shadrick was one of the most rabid exponents of the silver side of the money question during the exciting campaigns of 1896 and 1900 and could see nothing but evil of the gold standard. The democratic nominee for president is now committed to that same iniquitous gold standard and it will be quite interesting to hear Dick tell of his change of heart. He is a good speaker and will put up a plausible story all right.
