A. M. Baldwin says that North Dakota exhibit at St. Louis is one of the best and draws more people than any other. Of course he has a big kick coming just the same. The commissioners failed to meet him at the depot, pay his hotel bill and utterly failed to make good in any way. If he had done the same as some of our editorial brethren he would have returned home and pronounced the exhibit bum. Mr. Baldwin is of the opinion that North Dakota is very well represented at the fair.

Tragedy Averted.

"Just in the nick of time our little boy was saved" wrote Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played mad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by H. H. Bateman, Druggist. Price 50c and \$1.00. Trial bottles free.

It Saved His Leg.

P. A. Danford of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold H. H. Bateman, druggist.

Mrs. Maynard Crane entertained a few lady friends at her home last Friday afternoon and evening in honor of her sister, Mrs. Carlos Miller, of Chicago. The guests were requested to wear some illustrated article of something of which they were very fond and the guests were to guess what each one represented. There were some very novel ideas presented and the ladies were greatly entertained. Mrs. F. J. Stone was awarded the prize for guessing the most ideas. A very dainty luncheon was served and the ladies report the party a most delightful one—which is always so when Mrs. Crane entertains.

Miss Tillie Rood returned from her visit to her old home in Norway last Monday. She was accompanied by her brother, Nels, a young fellow sixteen years old, who is now busy getting acquainted with his brother Martin, who had never seen Nels until he arrived Monday. Martin left the old country two months before his brother was born.

LOST—About town a pair light grey buckskin gauntlets. Will pay \$1.00 for their return.

\$100,000 to loan on farm land. First National Bank of Cooperstown.

Mrs. C. A. Miller and daughter, Miss Carlotta, who have been visiting Senator and Mrs. Maynard Crane, for the past month, leave for their home at Chicago today. Mrs. Miller has furnished some very fine solos for the Congregational service while she has been here that have been greatly enjoyed by those who have attended the morning services. Her solo last Sunday morning was very fine and we can only offer one criticism—it was too short. We hope Mrs. Miller will visit us again before long so that we can enjoy more solos.

The Government does much toward making the banks of the country safe. A national bank is examined periodically by a national bank examiner and a state bank by a state examiner. It is a common error, however, that the U. S. Government guarantees the solvency of any bank. It only guarantees the paper money issued by banks and secured by U. S. bonds. A bank is in every case as strong as the men who own and manage it. The STATE BANK OF COOPERSTOWN wishes to thank its patrons for the confidence bestowed. At the same time its officers wish to say to the public that any new business will be duly appreciated and conscientiously attended to.

Mrs. John Cussons entertained a few lady friends Tuesday afternoon in honor of the Misses Cussons who are her guests. The affair was in the nature of a sewing party each one having to guess what the other was representing in the sewing line. Mrs. Crane carried off the prize. A dainty lunch was served and the ladies report a most enjoyable time.

This is going to be a campaign of hustling on the part of our local candidates. With good men running for the offices in most cases it is going to be a case of get there on the part of the candidates themselves. The fellow who gets out and works and works hard is the fellow who is liable to get the most votes. The average voter likes to have a candidate give him the glad hand and our advice to the republican nominees—the other fellows don't need any advice from us—is to get out and hustle. The early bird catches the worm, you know.

Truth to Tell

There are no other milk cans made that can equal in wearing qualities the genuine **BUHL CANS**

They are tinned to stay tinned, and put together to stand years of hard service. Other cans crack easily, become dented, and being lightly tinned soon rust and go to pieces. Not so with the "Buhl Factory" "Improved Elgin" and "Genuine Iowa." They will outlast any other cans on the market, and are thoroughly and quickly cleaned. Remember, the Buhl is the only can in the world that is made with the Buhl "Victory" Can Breast and the Buhl "Victory" Round Handle. As there are many imitations of this can, we stamp all ours with the Buhl Can Trade Mark. Look for it. Sold by all live dealers. Ask about them, or write us direct.
