JOHN MULROY.
For Public Administrator—
E. W. EVERSON.

Teddy is a dangerous man frantically howls the democratic press. You bet. He is dangerous to the success of the democratic candidate and to the trusts. The people want that king of a man.

North Dakota will roll up about 20,000 majority for Roosevelt November 8 which is nearly double that given to President McKinley four years ago, and Griggs county, according to population, will give "the dangerous Teddy" as good a majority as any of them.

Robert M. Cowen, the republican nominee for county auditor is gaining strength every day in his candidacy for the office for which he has been nominated. Mr. Cowen is busy looking after his crops at this time but will undoubtedly get out in a few days and see as many of the voters as he possibly can before election.

Brother Curry has graciously consented to let the COURIER have an opinion without a collar attachment which is all we can reasonably ask, and now that the Times has wheeled into line so nicely and is saying pleasant things for everybody outside of the COURIER editor we will let the matter drop for as a matter of fact we rather like the dressing down we get on all sides occasionally—it keeps this old rag of freedom before the people—and advertising, pays you know

Hon. E. H. Burke, the republican nominee for judge of the district court, was at Hannaford a few evenings ago and made a very neat talk to the voters on the issues of the campaign. Mr. Burke's visit to our neighboring little city was productive of much good and he made many friends who will support him at the polls. He is entitled to the support of his party and ought to have it.

O. M. Westley, the republican nominee for register of deeds is one of the finest penmen in Griggs county, and if elected his books will be kept in a clean and businesslike manner. The opposition have already commenced to talk about Mr. Westley as being a man who worries too much. Mr. Westley is not worrying any but his opponents are. Republicans should give him a united support and then there is no doubt of his election.

The Citizen, the prohibition organ pays the democratic chairman the following compliment:

"In the first place, it is conceded almost everywhere that there is no probability of the election of the Democratic candidate. People who stand close to Chairman Taggart, the saloon-keeper, gambling-hell owner, whom the machine has foreed upon the decent Democrats of the country as a leader, say that he himself has not the faintest expectation of the election of Judge Parker. Upon the time honored, though fallacious theory that a vote cast for a candidate who is not elected, is a "lost" vote, there could be no surer way to lose one's vote this year than to vote with the Democratic party."

The COURIER editor feels greatly flattered at the notoriety he is receiving at the hands of Bro. Rearick the editorial page of the last issue of the Sentinel being almost exclusively devoted to Trubshaw. However we believe the readers of that paper would much prefer to have matters of more general interest to them discussed than Trubshaw—they have had too much of him already. So far as the editor of this paper is concerned we don't care how much the Sentinel rings us in—the more we get the more will the COURIER get before the people—and advertising pays you know. But then the subscribers of a paper are to be taken into consideration and they are entitled to something of more interest than Trubshaw who is getting to be a chestnut around here.

M. H. Kiff, in Tower City Topics: Back again, better satisfied with North Dakota than ever! The New England states are having a drouth, and poor crops most all the way from Minneapolis east over the Soo railroad. I found most of my old friends and neighbors in the cemetery. Those who remain are in poor health generally. Sad to go among them. Boston outdid herself in entertaining the old boys. There were 27,000 in the grand parade, 1,700,000 visitors in Boston on parade day. We had excursions down the bay two days; automobile ride to Concord and Lexington; four free dinners, everything nice. I am glad to get back to North Dakota and never wish to go East again. North Dakota is talked of by Easterners as the coming country. Land is all right here at present prices. My advice to you is don't part with it.

The republican county ticket placed in nomination for the votes of the people is the best county ticket that has been put up for a number of years. Every man on that ticket is competent and worthy and we believe the voters will give them the preference at the county election in November.

The Citizen, a new democratic paper, is a recent addition to the newspaper fold of Valley City. Its chief mission in life seems to be to boost Judge Gaspell and roast the republican nominee. However if it is a legitimate newspaper with an intent to become permanent the COURIER wishes it success.

The Sentinel editor doesn't like primary election we should judge from the faces he is making at it. Henry doesn't like anything that Trubshaw does anyway so we are not surprised at his attitude in the matter. The Sentinel's main issue has always been Trubshaw who seems to be a thorn in his side. Rearick puts us in mind of a noisy dog barking at the moon—the bark is all that it amounts to.

The fact that a man has been a tax payer of Griggs county for twenty-one years is no argument that he should be elected to an office. If this rule were to hold good there are several hundred taxpayers in the county who would come under this ruling and there are not enough offices to go around. In voting for county offices competency and good citizenship should be taken in account and no man unqualified to perform the duties of the office should be elected. On the other hand if the candidate is in every way capable and a good citizen then his long residence in the county might count in his favor but in no case should a man ask for an office for this alone. What the people want is the best possible service and the best men elected to the offices.

Republican Club.

A meeting for the purpose of organizing a republican club will be held at the Fire Hall, Monday evening at 8 o'clock sharp. Everybody who believes in the principles of the republican party is invited to be present and join this club. Let us get busy, be present, and get into the game.

Frank Gladstone

Rep. Candidate for States Attorney.

More Riots.

Disturbance of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by H. H. Bateman, Druggist.

Do You

Remember the Maine?

Well--that is another story, but--do you

Remember the Fall of '91-?

Then why not stack 'it'!
