Democratic editors and speak ers are united in declaring that President Roosevelt is "an unsafe man." If that is so, he has at least been remarkably successful in his "unsafe" undertakings—in settling the coal strike, in enforcing the antitrust law, in acquiring the Panama canal strip, and in all his delicate dealings with foreign nations.

The way that some of these mushroom democratic papers are throwing mud at E. T. Burke. republican candidate for judge, is making more votes for him than they are for Glaspell. The people like a clean campaign but do not approve of the bringing in of affairs that touch on a man's family. The only objection those opposed to Mr. Burke have, is that they don't know what he will do if elected. The same was true when Glaspell first came up as a candidate for the same office Give Mr. Burke a fair chance. We believe he will make a good judge.

#### Makes a Clean Sweep.

There's nothing like doing a thing thoroughy. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It-sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Ulcers, Skin Eruptions and Piles. It's on 25c, and guaranteed to give satisfaction by H. H. Bateman, Druggist.
