Miss Ida Stevens and Miss Grace Thompson left Wednesday. Of last week for the World's Fair at St. Louis as the guests of the Minneapolis Tribune. Munn & McCoy will be here within four weeks with a party of Illinois land seekers. Those wishing to sell their land should see me at once. FRANK GLADSTONE.

Those of our farmers who are contemplating the shipment of cattle should bear in mind that cattle cannot be shipped out of the county after November 30 unless they have been properly dipped as provided by law. Griggs county has no dipping tank and it is the opinion of stock owners that the county will have to erect a dipping tank at some convenient place in the county for the benefit of stock raisers. Tanks are being put in all the western counties of the state and it will have to, be done in Griggs county.

Yeast Foam 7 packages for 25 cents. Pyramid Soap Powder per pkg. 25c. Good California Prunes per lb., 5c. JAMESON & OLSON, The New Store. Phone 135.

We went up to the new school building Monday and found that things had moved fast a little since last week. Louis Walters had got through looking into the clouds for Biela's comet and had the roof finished; Joe Wittick, the lather, had finished his studies of revelations and finished his job and hiked for Fargo; the plasterers have the building plastered, and Dan Billimeyer, the boss carpenter had quit the study of botany and had nailed up a few boards the past week. He tells us that the building will be ready for school about December 1st—which we doubt greatly unless Dan gets a bigger hump on himself in the future than has in the past. Nell Rodgers and a crew we found playing smear in the basement—their faces were pretty well smeared up. They are putting in a hustling plant.

He has been assigned to the charge at Minot which is a big promotion for him. The Cooperstown M. E. church loses the best pastor it has had in a great many years and the people of Minot are to be congratulated in having Mr. DeLong for a citizen and pastor. Mrs. DeLong is a splendid helpmate for her husband and will strengthen the work at Minot. The COURIER wishes Rev. DeLong and family much success in their new field of labor and joins a large circle of friends in regrets at their departure from Cooperstown.

Expectations as to the wheat crop ran high during early fall—then were dashed to the ground as it were—now we find that returns are quite good after all, and feel thankful for the result. The future is always uncertain so far as financial returns are concerned. It is well to have something put away to meet emergencies. Put your reserve in the bank where it is well guarded and will cause you less anxiety than if you had it sewed in a mattress. THE STATE BANK will take care of your savings, large or small, and will pay you interest on time deposits. It is also well provided with funds for loans on approved paper.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters: to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, and guaranteed to give satisfaction, at H. H. Bateman's drug store.
