Coat & Jackets.

There are four important factors in the values of a jacket—style, fit, material, tailoring. If any of these are lacking it spoils the garment for people who are particular about their appearance. Ours is the celebrated Palmer garment which in itself is a guarantee of excellance.

THE COURIER By Percy R. Srubsham

REPUBLICAN TICKETS.

NATIONAL.

THEODORE ROOSEVELT, New York. For Vice-President— CHARLES W. FAIRBANKS, Indiana.

The Hannaford Enterprise says that only two republicans on the county ticket will be elected this fall, O. D. Purinton and Miss Feiring. Has Johnny been presented with 26 cents by these officials? How is it he favors them? Methinks Bro. Arbogast will have to revise his list after November 8th.

Bro. Arbogast hoists the democratic county ticket this week fills his columns with a lot of Billingsgate filth devoted exclusively to the editor of the Courier and then flatters himself that he is doing his backers some good. The only good that he could do would be to hire out to some distillery for a sign-he would make a good one.

In their desperation the Glaspell supporters are resorting to all kinds of dirty work to do up E. T. Burke, the republican nominee for judge. The latest campaign lie is that Mr. Burke had handed in his resignation to the judiciary committee. There is no truth in this report at all. Mr, Burke is in the field to remain until after all the votes are counted on election day and expects to win. Campaign lies of this nature always act as boomerangs on the other fellow.

The following appeared in the Jamestown Capital of March 30, 1900.

"The people are asking themselves every day whether they want a judge who indulges in estionable methods to adve his political aspirations, who has had his official conduct as a judge called to the attention of the state legislature, who irregularly issued naturalization papers to citizens and who is a bolter from his party. The judge is a candidate for office, on trial before the know who they exalt to positions of trust and confidence to see that their confidence is not misplaced, their trust not violated and the duties of the position performed without watching."

it is given in terms plainly con-

"He is the most conspicuous trickster and traitor of the commonwealth."

Shall we believe the Capital in no change in the management of out a boat or any one in sight value to be determined by the board the paper since. And what is

are they not now? And how much does it cost to change the mind of such an independent in politics paper as the Capital.

A special term of the District Court in and for Griggs County, will be held at the Court House in Cooperstown on Wednesday, November 2nd, at 1 o'clock p. m. for the purpose of naturalization. Persons wanting second or full citizens papers note the date and hour, Nov. 2nd at 1 o'clock

OSCAR D. PURINTON, Clerk.

The Skirt With the Yarn Knitted Body.

Something entirely new. hygenic, stylish and sensible for Fall and winter wear. Nothing else like it. Body knitted of nne wyarns, light and warm. Glove fitting, very elastic, Fashionally shaped, deep flare flounce made of mercerized sateen. This new

garment improves the fit of gowns and saves wearing extra underskirt. Can be worn on all occasions. Same prices as the old style petticoats you bought before.

Ladies Tailor Made Suits.

We did not buy many suits for this fall, but what we did buy is of the right kind and style.

\$12.50

will buy a real nobby looking suit made of good material.

Are You Interested

In suits a little out of date? If so, we have a lot that certainly will arouse your interest to the purchasing point, and if you have from

\$5.00 to \$10.00

in your pocket, we can rig you out in a suit that you will not be ashamed of, either.

John Syverson.

Word has been received from Binford of the accidental drowning of Martin Knapp which accurred Sunday afternoon on Stump Lake. 24 miles northwest of Binford. Mr. Knapp, in company with Ernest Amadon and people, and they have a right to Fred G. Lewis were up there hunting geese. Mr. Knapp took the boat and went out into the lake after some geese they had shot, leaving the other fellows on an island. In trying to reach the geese in the water he cap-On page 1 of the Weekly Capi- sized the boat. It is said that tal, in the issue of March 30, he was an excellent swimmer and that he would swim awhile record the following opinion of and then climb on top of the state of North Dakota be emended so as to read as follows: boat to rest. He was heavily thought that he became exhausted and went down to a watery grave. The other boys had no means of going out to 1900 or in 1904? There has been help him being on an island with and watched Mr. Knapp in his the reason for the change today? struggle until it got too dark and 10-27-44 If these facts were true then, he was lost sight of. They were on the island 27 hours and had a terrible experience in the cold without any food and shelter and were rescued Monday afternoon. Search was immediately made for Mr. Knapp but only his cap and the boat were found. Searching parties have been out ever since and dynamite is being used hoping to raise the body that way. It is a deplorable affair and comes very hard on the stricken wife and four children Mr. Knapp was a member of the firm of Knapp & Buchheit of Binford, and was a highly re-

spected business man. His un-

timely end has cast a gloom over

the community and is regretted

deeply by all who knew him.

Death of Martin Knapp. We understand that he was a member of Griggs Ledge No. 13 Ancient Order of United Workmen. Messrs. Lewis and Amadon were nearly crazy being forced to watch their helpless comrade and being unable to render any assistance.

Cooperstown, N. D.

Eastern Democrats, who, a few

weeks since, could not find words strong enough with which to express their reprobation and scorn of Mr. Bryan, are now looking to him, their last hope, to carry Indiana.

The complaisant Nebraskan b stripped off his coat and plunged into the task laid out for him. But the voice of the aforetime charmer can charm no longer. Insincerity kills the most mighty effort. No man can win votes under the circumstances surrounding Bryan at this time. It must be a bitter pill for David Bennett Hill to swallow, the last resort to Bryan to save a pivotal state to the dying Democcray, and it cannot be a very congenial task to Bryan, the effort he is making under the party whiplash.

And, blow high, blow low, nothing can stop Indiana from giving a solid Republican majority on election day. Indiana is not going to join the choir of calamity howlers, repudiationists, idlers and anti-everythings.

Do the people of to'd like the policles of Lincoln and McKinley, the working out of which effected the saving of the Union with Mr. Lincoln and the making it prosperous under Mr. McKinley? Mr. Roosevelt has run the government along their policy lines in domestic and foreign affairs. The only signs of dissatisfaction come from the Democrats; and their cries are political capital-partisan faultfindings.

First Voters for Recevelt. The thirty days before election round-up of voters reveals the fact that nearly every first voter is going to cast his ballot for Roosevelt. It would be a dull young American, indeed, who should consider a vote for the "has beens" as worth while.

It looks as if the croakers who are foretelling ruin to the Republican ticket in New York state were badly scared without being able to tell what scared them. New York will go for Roosevelt, and with no uncertainty will its verdict be given. Roosevelt is New York's "favorite son."
