

The Cooperstown Courier.

VOL. 22, NO. 43

COOPERSTOWN, GRIGGS CO., N. D., THURSDAY NOVEMBER 3, 1904.

\$1.50 PER ANNUM

THE ONE PRICE DEPARTMENT STORE.

THE GROWTH OF THIS BUSINESS IS DUE TO OUR BIG VALUES. . . .

We do not attempt or expect to win or hold patronage on any other basis than the most goods, of the right quality for the least money. This is the one overshadowing element in the success of this business. We quote low prices and offer exceptional values in season.

Our October Sale was a great success and we have decided to continue this sale during November as long as supply lasts, with the exception of Arbuckles Coffee which will be 7 pounds for \$1.00

Clothing Department.

Mens' Clothing is only one department here, therefore we look to this line for only a portion of our profits. This being so we can sell at close prices, and we do.

Also we look carefully to the quality of every suit and overcoat before giving it a place in our stock.

Fur Goods.

We handle the Lampher Skinner & Co's. Furs, Ladies and Mens' Fur Coats. Boas and Muffs. Call and get our prices before buying elsewhere.

Ladies Skirts.

We will give 20 per cent. discount on all Ladies Tailor Made Skirts for the next 30 days.

Coats & Jackets.

There are four important factors in the values of a jacket—style, fit, material, tailoring. If any of these are lacking it spoils the garment for people who are particular about their appearance. Ours is the celebrated Palmer garment which in itself is a guarantee of excellence.

ALBERT LARSON.

A vote for Will H. Carleton for county judge and one for Oscar D. Purinton for clerk of court will be a vote to retain competent officials. Give them a lift.

When you go into the booth to cast your ballot next Tuesday don't forget to put an X after the name of Seval Friswold for county treasurer. In doing so you will be voting for a man whose competency is unquestioned. He will make this county a model treasurer and we are of the opinion that he will be elected.

Frank Gladstone, candidate for states attorney and Miss Feiring for superintendent of schools, are making a whirlwind campaign and should be elected. Both are capable and deserving.

The COURIER is going to predict that Parker, the candidate of the Standard Oil Company trust, is going to meet with a big defeat next Tuesday at the polls. The American people know enough to keep a good thing when they have it.

THE COURIER.

REPUBLICAN TICKETS.

NATIONAL.

For President—
THEODORE ROOSEVELT, New York.
For Vice-President—
CHARLES W. FAIRBANKS, Indiana.

Don't forget that Robert M. Cowen is a candidate for county auditor and wants your vote. If merit and competency count for anything at all he ought to get it. You can't make a mistake if you vote for Mr. Cowen.

Omund Westley was nominated for register of deeds because he is competent to discharge the duties of that office. Next Tuesday is election day and is there any good reason why he should not receive every republican vote in the county. If he does he will be elected by a big majority. Help swell it by voting for him.

Bryan, in likening Parker to Moses, who was slow to speech, rapped the democratic candidate very hard. Biblical authority says Moses never entered the promised land. Moses Parker may view the White House from a distance until November 8, when he can accept that \$50,000 a year job provided for him by the big trusts.

Dickinson, N. D., Special, Oct. 2.—The price of 20 cents a pound for unwashed wool is acting as a stimulus to the sheep industry, and many cattlemen now are buying sheep. The average price for prime ewes this fall is \$3 to \$3.25 per head. Grass fed mutton sheep from this locality have sold this season at from \$3.50 to \$4 per cwt. which is high when contrasted with the low prices which beef cattle have brought.

The farmers of this county will be asked to walk up to the polls and vote for Parker and for reducing the tariff on wool at next Tuesday's election. We don't think they will do it? When Cleveland was in power you could not give sheep away let alone sell them.

This will be the last time that the COURIER will go to press before election. Outside of the news papers the campaign up to this time has been remarkably free from any mud slinging and the candidates on the various tickets have canvassed the county in a decent manner, each one looking out for himself. There are two county tickets in the field and every candidate on those tickets is well known to almost every voter in the county and it is now up to them to select the men who shall occupy the county offices for the next two years, and whosoever is elected the county cannot go far wrong as the men on both tickets are respectable, representative citizens. However, these men have seen fit to draw political lines—have gone in to their county conventions and are standing with the party that gave them a nomination. We believe since this is so that the republican party being in the majority in this county and the men on the republican ticket being competent and well qualified to act in the position they seek, it is the duty of the republicans of Griggs county to stand by their nominees on November 8. Politics are politics and candidates are supposed to stand or fall according to the strength of their party. The republicans can elect every man on that ticket if they want to. Why not do so.

Farewell Tour of Newmann the Great.

Newmann the great is coming. Who is Newmann the great? He is America's favorite fun maker and the acknowledged king of hypnotists. The hypnotist who possesses the greatest occult powers, who has suggestion down to a positive science, and who can extract more genial fun and laughter out of every situation than will last the average man a month. He is the only hypnotic entertainer who can begin with mirth and never relax the facial muscles of an audience for two solid hours. His performance is marvelous and as it is replete with his own original ideas he is in a position to give effects never attempted by any other hypnotist.

He is to be at the opera house Nov. 4, for the last time, and we recommend his performance as the most refined, amusing and instructive on the stage today.

in your pocket, we can rig you out in a suit that you will not be ashamed of, either.

John Syverson.

The COURIER has no more time to devote to a mud slinging contest with our brother of the Hannaford Enterprise. Whatever he has to say about us has no weight with people where we have lived for the past twenty years, and we are of the opinion that our standing has not been injured by anything that he has said. On the other hand we do not believe that Mr. Arbogast has won many friends by his conduct and we also think that his standing in the community where he lives has not been raised to a higher plane. The COURIER has endeavored to conduct a clean campaign for its candidates and not one word has been said to the detriment of those on the other side. We have no campaign "roorbachs" to spring at the last minute and shall not hold our forms later than usual to see what the other fellows have got to spring. We have stated our case, said what we could for the candidates and we are not only willing but must abide by the decision of the voters next Tuesday.

OSCAR D. PURINTON.

Good morning Mr. Voter
Whoever you may be,
Next Tuesday is election
And will you vote for me?

I am sure you know me well
My name is Purinton O. D.
Please find it on the ballot
And make your X for me.

I can not leave my office
My many friends to see,
And ask of you the kindness
To cast your vote for me.

And so I write this letter
A small one as you see,
And ask, had you not better
Just cast your vote for me?

for Clerk of Dist. Court.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdstown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely. It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by H. H. Bateman, Druggist. Trial bottles free. Regular sizes 50c, \$1.00.
