Clothing Department.

Mens' Clothing is only one department here, therefore we look to this line for only a portion of our profits. This being so we can sell at close prices, and we do.

Also we look carefully to the quality of every suit and overcoat before giving it a place in our stock.

Fur Goods.

We handle the Lampher Skinner & Co's. Furs, Ladies and Mens' Fur Coats. Boas and Muffs. Call and get our prices before buying elsewhere.

Coats & Jackets.

There are four important factors in the values of a jacket—style, fit, material, tailoring. If any of these are lacking it spoils the garment for people who are particular about their appearance. Ours is the celebrated Palmer garment which in itself is a guarantee of excellence.

COOPERSTOWN, : NORTH DAKOTA.

THE COURIER.

By Percy R. Grubb.

The beef trust got a smashing blow last Tuesday when Theodore Roosevelt was elected president.

Bro. Bassett of the Valley City Alliance left the day after election for a deer hunt. He probably took a fur lined overcoat with him.

The Minneapolis Journal of last Saturday gives North Dakota a good write-up on its World's Fair exhibit and gives Lieut.-Gov. Bartlett a very nice send-off.

Free soup houses and patched pants with the empty dinner pail attachment have been relegated to the rear for another four years. The people said so November 8.

It is a fact that the nomination of candidates on the republican county ticket by the "Trubshaw outfit" and the subsequent "support" by the same parties, has been the downfall of the republican candidates the last two elections. And it is a truth that will be driven home good and hard at the coming election—again.—Hannaford Enterprise.

Comments are unnecessary. Read precinct returns old man.

According to the Hope Pioneer Parker only got 63 votes in Steele county. If this is a fact the farmers of that county evidently are satisfied with the present condition of affairs and had turned a deaf ear to the argument of "give us a change" remembering the change they got in 1892 when Mr. Cleveland was elected. The entire country seems to have been of the same mind as the Steele county voters.

The defeat of Judge Glaspell can be laid to the work of a few filthy organs that have tried to besmirch and blacken the character of Judge Elect E. T. Burke and to no one else. Had the campaign been waged in a clean and respectable manner the result would have been different. The voters will not stand for rottenness and very emphatically said so at the late election. Mr. Burke is to be congratulated upon the successful outcome of his campaign.

Before election it was said that the COURIER cut no ice in the campaign and that the candidates would rather have it against them than for them. Now that the campaign is over the defeated candidates are laying it all to the COURIER and we rise to ask why this inconsistency? The fact of the matter is that the people wanted a change and voted that way, but then the editor of this paper is gratified to know that we do cut some figure once in a while. To the defeated ones we can only say that we could only support one ticket at a time and did the best we could for the ticket of our choice. Cheer up, boys, remember that the sun can't always shine.

In accordance with the votes of the people cast a week ago last Tuesday Judge Glaspell will lay down the judicial ermine on January 1st and retire to private life. For eight years the judge has been on the bench and twice a year held court at Cooperstown. During these years he has administered his duties well, has saved money for the tax payers, and has made the district a good and faithful servant. Whatever may be said of Mr.

Glaspell's political deals or his own fights in his own county, it is also a fact that he will leave the bench with a fine reputation as a jurist. The COURIER regrets to see him leave the bench but like other good men he must abide by the uncertainties of political life. As an attorney there are none better in the state and he will make more, much more from his practice than he could as judge. We wish him success.

President Roosevelt has been elected by the largest popular vote ever given a presidential candidate, his majority being in the neighborhood of two millions. It is indeed a splendid endorsement of a splendid man. The people apparently refused to be humbugged over the bogies of militarism, imperialism or any other ism, and last but not least they refused to stand for the candidate of the Standard Oil Trust. Mr. Roosevelt was not elected so much by the republican party but by the common people of this country regardless of party because they believed he was the best and safest man for that position. The national house of representatives will also be overwhelmingly republican which is an indication that the people of this country endorse the present administration and want the progressive policy of the Roosevelt administration continued. The democratic party never got such a drubbing before as was administered to it last Tuesday week and it was well deserved.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure

cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely. It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by H. H. Bateman, Druggist. Trial bottles free. Regular sizes 50c, \$1.00.

A Few Majorities.

The following are the majorities so far obtainable but unofficial:

Feiring	587
Carleton	360
Purinton	352
Friswold	217
Flynn	134
Cowen	178
Gladstone	73
O. M. Westley	28

For district judge E. T. Burke's majority is about 625.

New Bank for Hannaford.

Our neighboring town is to be congratulated upon having a new banking organization opened up in its town, an institution that has back of it men of unlimited capital as well as men of good business qualifications. The new bank will be called the Griggs County State Bank and it expects to open its doors for business within the week. Mr. A. H. Berg, of Cooperstown, is president, and Mr. A. O. Anderson, formerly assistant-cashier of the First National Bank of Lake Mills, Ia., is the cashier. Mr. Berg needs no introduction to the people of Griggs county. He is one of the best business men in the county, conservative and possessing good sound judgment. Mr. Anderson, the cashier, comes highly recommended as a young man of good

business attainments, congenial, steady, and full of days work. The new bank will undoubtedly find favor in the commercial world and prosper. The capital of the institution to start with will be \$10,000. The following gentlemen are stockholders of the bank: A. H. Berg, Cooperstown; S. H. Berg, Hannaford; A. O. Anderson, Lake Mills, Ia., S. H. Larson, cashier of the First National Bank of Lake Mills, Ia., P. M. Joice, president of the Fergus Falls, Minn., National Bank; J. C. Williams, president of the Lake Mills, Ia., Land and Loan Company and G. S. Gilbertson, state treasurer of the great state of Iowa. With such an array of solid men back of it the Griggs County State Bank ought to jump into public confidence right at the start. The COURIER predicts that it will be a successful undertaking.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, a patient was attacked with violent hemorrhages caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at H. H. Bateman's.
