These cold snappy 20 below zero days are just the kind that send the blood dancing through your veins and filling you full of life and vigor. North Dakota is the purest and healthiest atmosphere in the world, and while it gets chilly enough occasionally to require overcoats and warm clothes it is nevertheless healthy and invigorating.

Dr. L. S. PLATOU, of Valley City, graduate of Christiania University, Norway, will be in Cooperstown Jan. 27th and 28th for the purpose of practicing his profession. Regular visits last Friday and Saturday of each month.

Oscar Rognoy, of Jessie, who was recently married in Chicago, returned home a few days ago with his bride, and the citizens of our neighboring town hired a hall and the Binford Band and gave the newly wedded couple a warm welcome home. Editor Curry went along with the band and did the best he could to blow his head off on this occasion and then goes home and tells that he got filled up on "feed" for once and now Mrs. Curry is wondering whether Theo. means that he does not get enough to eat home or not. We look for divorce proceedings any time unless he squares himself.

STATE BANK of Cooperstown, has money at all times for Farm Loans.

The flax mill had a narrow escape from destruction by fire about 8 p. m. Wednesday evening of last week, only the prompt and heroic work of Foreman Tom Haugen and men saving the building. A lamp exploded in the office it is thought and the oil spread and started the fire which soon gained good headway. The engineer and other men happened to be working that evening and were enabled to promptly get action. The mill is well equipped for fighting fire and soon had a big stream pouring into the office and in a few minutes had the fire under control. Messrs. Haugen and Sherman Painter did some good work and their hard work and good judgment saved the company their plant. The COURIER congratulates the boys upon the good work done. It is no snap to fight fire with the temperature 20 below zero.

M. G. Evenson went to Fargo Saturday.

The Cooperstown Courier of last week contained the announcement that the Cashier of the State Bank at Hannaford had been arrested on the charge of misappropriating the funds of the bank. About \$14,000 is missing. The bank has been reorganized and James H. Sinclair installed as cashier. Mr. Sinclair was a member of the first graduating class of the Mayville Normal, and his Mayville friends will be pleased to learn of his promotion to the responsible position of bank cashier.—Mayville Tribune.

The Carrington Independent has the following to say in regard to dog tax. It applies to this town also: We wonder if the "dog tax" this year will be fully collected, part collected, or suffered to fall into "innocuous desuetude?" We think the dog tax all right, and would make it higher if we could, but this habit of collecting from Tom and letting Dick and Harry go scott free for no other reason than that they refuse to pay, we do not believe to be at all right. If any dogs are to be taxed, tax them all. If some are to go free, then let all go free, we say. What say you?

\$100,000 to loan on farm land. First National Bank of Cooperstown.

A number of our town folks went down to hear the debate at the Fluto bridge school last Friday night and had a splendid time so say they all. The schoolhouse was crowded and standing room was at a premium. The question for debate was Resolved, "That dancing and card playing are proper amusement for young people." A. M. Baldwin and H. A. Farr took the affirmative side of the question and Rev. H. S. Harris and Rev. S. Batchelor the negative side. The judges Miss Losey and Messrs. F. B. King and Frank Gladstone decided that the affirmative side had put up the best argument and awarded the decision accordingly. The debate was a good one and was thoroughly enjoyed. Mr. Bemis presided over the meeting. Ing. Wold favored the audience with a solo and was enthusiastically encored and responded.

Messrs. Chas. Burseth and A. Garborg went up to Binford Tuesday to attend the annual meeting of the state Bank at that place. They report the affairs of that institution to be in first class shape and that business has been very satisfactory. The capital of the bank has been raised from \$5,000 to \$12,000. The old officers were re-elected. Mr. Carl E. Tallmadge was elected assistant cashier. The COURIER is pleased to note the prosperity of the Binford State Bank and hopes it will continue to grow and prosper.

Mr. and Mrs. Howard Wilson have returned from a trip to the coast and are glad to be back to a country where they can see the sun most of the time. They were not very favorably impressed with the coast country and would not want to live there under any circumstances. They visited several of the principal cities and traveled most of the time and for several days at a time they were unable to see the sun. Mr. Wilson is one of the prosperous North Dakota farmers and it would take a good deal more than he saw on this trip to induce him to leave this state.—Courtney Gazette.

Dr. Rose, resident dentist, Cooperstown, N. D., can be found in his office from now on until further notice. Office in Syverson's new building, upstairs.

Harness Man Sam Sarsten spent several days last week at Cooperstown visiting friends and transacting business. While there he met Dr. Westley, formerly of Litchville, and the genial doctor is doing a good business. Sam investigated the farmers' elevator business while there and says the farmers are delighted with the one built last summer at Cooperstown. They are convinced that farmers' elevators are a necessity in every community and has been the means of saving them money. Nearly every farmer in that locality owns stock in it and none will sell. Mr. Sarsten is enthusiastic over building one in Litchville and now that he is convinced of the benefits to be derived will be found working hard to encourage the erection of one next summer.—Litchville Bulletin.

No Institute.

MR. E. C. BUTLER,
Cooperstown, N. Dak.

DEAR SIR:—
I am sorry to inform you that the Farmers Institute Board finds it impossible to grant your request for a farmers institute at Cooperstown this year. There is only one reason that I can give you for such action; and that is limited funds.

Yours very truly,
E. E. KAUFMAN.

SUCCESS IN LIFE

Money stored up by the working man in small savings is a barricade against want. It secures him a foothold in times of panic and failing employers, and enables him to wait in comfort for better times.

Without such savings he is not his own master. When work fails he cannot seek for it elsewhere, but is tied to one spot. The acquisition of money, at least enough to keep the "wolf from the door" is not only legitimate and praiseworthy, but a positive duty. We will, most cheerfully, get you started to saving if you will open a Saving Fund Account with us.

This is an unfriendly world to say the least. A legislator up at Bismarck has introduced a bill to regulate the speed of automobiles. This is another slap at the newspaper men. It is pretty tough when they want to stop us from running down our delinquent subscribers.

Veterinary Winsloe returned last Thursday from Fargo where he had been attending a meeting of the state veterinarians. The association transacted its regular business, elected officers for the ensuing year and had a very good and profitable meeting. Mr. Winsloe informs the COURIER that the association will present a bill to the present legislature asking for the abolishment of the present district veterinaries. He says that the present method of appointing these district veterinaries is all wrong and that the man with a political pull rather than the knowledge of his profession governs all the time. He thinks this is all wrong and we guess he is right.

Spoiled Her Beauty.
Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes "I had Salt Rheum or Eczema for years, but nothing would cure it; until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at H. H. Bateman's drug store.

P. K. Moe has sold out his interest in the Klondike pool-room to his partner, Pete Tang. Mr. Moe then turned around and purchased the Marquardt property adjoining his Exchange Hotel. Mr. Moe informs the COURIER that he intends to remodel the two buildings and make a larger hotel out of them giving him more room for increasing business. He intends to fix up the Exchange Hotel in first class shape and will then be able to accommodate more people. The work on these improvements will be commenced as soon as practicable in the spring. The COURIER is pleased to see Mr. Moe getting into the game and wish him abundant success.
