The trip would certainly do them good and we hope to see them start out soon and that they will have a rattling good time.

Elmer G. Opfer was up in the Minot district last week looking the country over. He was particularly struck with the lay of the land around Sherwood, Mohall and through that section of country. Elmer is thinking some of moving up there and opening up a real estate office. He thinks the opportunities for making money are great taking into consideration the low price of land at present. He thinks Griggs county land is too high and worth too much to make much money now. We should be sorry to see Mr. Opfer pull out of Cooperstown.

Dr. L. S. Platou, of Valley City, graduate of Christiania University, Norway, will be in Cooperstown March 31st for the purpose of practicing his profession. Regular visits last Friday of each month. PRIVATE HOSPITAL.

At a meeting of the board of education held last week, Prof. Loreaux, Miss Corey, Miss Scholl and Miss Zimmerman were engaged for another year. Miss Haley positively refused to accept a reappointment under any circumstances. Miss Losey also declined another term. The patrons of the school are sorry at Miss Haley's determination to sever her connection with the Cooperstown schools. She is certainly a fine primary teacher and a general favorite with both parents and pupils and in addition to that her work is excellent. Miss Losey has made a very acceptable teacher and would have been reappointed had she so desired. The other teachers have done excellent work and take it all around the work of our schools is good. Prof. Loreaux is a hard worker and a hustler from the ground up. He has put the school on a good footing and he is bringing the pupils along satisfactorily and well. We are pleased that the school board has recognized good work and merit by retaining the Professor and his corps of teachers. The teachers for the two other departments will be announced later.

The Fire Department at their last meeting decided to increase their membership by five, making thirty-five in all. W. D. Hartman, Otto Bruns and C. L. Anderson were taken in as new members and we expect that that bunch will make short work of a fire.

The COURIER does not claim to be the largest paper in the world or the county for that matter—it is not the largest head that contains the most matter, some big pumpkins being hollow—but we do claim to give more local news than any paper in the county, and our subscription list is growing steadily all the time which is an evidence that the COURIER is going some. If you don't see it in this paper you won't in any other in this county. See!

Dr. Rose, resident dentist, Cooperstown, N. D., can be found in his office from now on until further notice. Office in Syverson's new building, upstairs.

Jack Flynn has been reading the handwriting on the wall and viewing with alarm the onslaughts of President Roosevelt on the trusts, and the Standard Oil Trust in particular, and has arrived at the conclusion that it is only a short time until Rockefeller will be throttled and his business divested of big profits, so Jack concluded to unload if he could find a sucker so last week he sold out the Standard Oil business to C. P. Anderson, who will hereafter take care of the oil business at Cooperstown. Charley is a rustler and goes when needed regardless of weather. He will take care of the business in good shape. Here's luck to you, Charley.
