Attention is called to an ordinance published in this issue of the Courier relating to the building of sidewalks within the village limits. It would be well for all those contemplating the building of sidewalks to familiarize themselves with the provisions of this ordinance.

Carl Scott has been appointed permanent carrier on rural route number two. Mr. Scott makes a very efficient carrier, and last Thursday received direct from the factory in Michigan a fine new mail wagon. He will now be able to make his trips under cover which will make it much nicer for him.

Dr. L. S. Platou, of Valley City, graduate of Christiania University, Norway, will be in Cooperstown March 31st for the purpose of practicing his profession. Regular visits last Friday of each month. PRIVATE HOSPITAL.

The newspapers over the state who are for the law keeping boys under 18 out of the bar rooms, want the state to establish libraries in every town of 500 population. If the law had read to keep men out as well as the boys more women would see more of their husbands and more children would get a wider acquaintance with their father. Quit your knocking.

Dr. Rose, resident dentist, Cooperstown, N. D., can be found in his office from now on until further notice. Office in Syverson's new building, upstairs.

One of the simplest methods for killing gophers is the following: Saturate a small rag with a tablespoon full of gasoline and place in the hole in the ground and cover the hole with loose dirt. It is not necessary to put the rag very far from the top of the ground. If there are a number of holes close to each other treat each alike. If you will remove the dirt from the top of the hole a short time after, you will find the dead gophers near the surface. Try it.

It is reported that a lumber yard is to be put in at Shepard by local parties in the near future.

From the amount of machinery being received daily our machinery men must expect a good business this season.

It is bare possible that the Farmers Blacksmith & Supply Company may put a second story on their new warehouse and fix it up for an opera house. It would make a nice location.

\$100,000 to loan on farm land. First National Bank of Cooperstown.

The town caucus at the fire hall last Thursday evening was the largest ever held here. A great deal of interest was manifested in the selection of a set of officers to run the town for the next year, the great fight of course being over the office of city marshal. The caucus placed in nomination a complete new town board as follows: J. L. Houghton, Lewis Berg and Theo. Thompson, and we believe they will make good trustees for the village. Anton Christanson won out over Jacob Arnold in the nomination for marshal, and Clerk Carleton and Treasurer Friswold were renominated by acclamation. Carl Scott was nominated for assessor and Judge Nels P. Nelson renominated to succeed himself. The caucus was harmonious with just enough good natured rivalry over the marshaling to make it interesting. Messrs. Sansburn and Blackwell refused to accept a renomination as members of the board.

The minstrel show given by local talent at the opera house last Wednesday evening was attended by a very large crowd and about fifty or sixty were turned away on account of there being no room. The minstrels consisted of M. G. Evenson, Manley Flynn, endmen and "bones," Oliver Stevens and Theo. Thompson tambourines, W. D. Hartman interloctor, with Wm. Trichler, Ole Rood, Adolph Melgard, George E. Macdonnell, Loren Savage and Oswald Melgard the balance of the company, with Miss Ida Stevens presiding at the piano. The make-up of the boys was very good and their jokes strictly all right. Some of the hits were somewhat fierce but were all right and the recipients took them good naturedly. Bill Trichler's Dutch solo was a winner and Bill can get a

Will Hartman's latest picture.

job as a Dutch comedian any time. The solo of each member of the troupe was good and the boys gave the people a dandy evening's entertainment. W. D. Hartman's chalk talk was good and his caricatures timely and well executed. We wish we could give each member a boost—they gave us one—but we have not the space to do so. We want to say that everybody was well pleased, the visiting farmers enjoyed the show, and the boys deserve great credit for the entertainment and pleasure afforded those who attended. On account of the bunch he handed this paper we feel like vetoing anything said that might reflect credit on Theo. Thompson, but as he has just been elected an alderman and will have a "pull" in the community we shall have to let him share the honors with the rest of 'em.

We have been informed that if a band stand is built the band will give open air concerts at least once a week the coming season. The boys need a place to practice also and it would be the proper caper for the town to build a band stand on the town property west of the fire hall.

Hodge, who for nine years was at the head of the Cooperstown schools, has just been engaged for the third year at Sumner, Wash. and the people of that town can congratulate themselves upon securing so competent a principal. The following item we clip from the Sumner Index: "Last Saturday evening saw the Fraternal hall packed with friends who came to spend the evening with Prof. and Mrs. Hodge, as a token of esteem and appreciation of the professor's worth and standing in this community. The assembling of these people signified a good deal more than can here be expressed, and was deeply felt by those in whose honor it was brought about."
