In the issue of the 27th of the Hannaford Enterprise the writer of that lovely two column article says that Sinclair is the whole thing at Hannaford. On Wednesday evening following, Hannaford took on the Carrington team. The phenomenal Sinclair was again in the box for Hannaford and there surely must have been something doing, the game ending 13 to 4 in favor of Carrington. The next day again saw the teams lined up in battle array and again Sinclair is to do a stunt, (he does one) 2 runs in the first two innings, by that time our pitcher Dretchko had arrived and he relieved Sinclair and the hitting and run getting was over. And by the way Dretchko won that game for you didn't he? A two base hit, a steal and a wild throw over third allowing him to score the winning run ending the game in Hannaford's favor by 3 to 2.

# A Help To Credit

One of the questions asked, when a man's standing is being inquired into, is as to the bank with which he does business. This recognizes the fact that the standing of a bank reflects, to a certain degree, upon the standing of its customers.

It will be a help to your credit and standing to be known as a customer of this strong bank.

There will be a picnic in the old Herigstad Grove, next Saturday, July 8, program commencing at 10:30 a. m. Lots of music and good time assured. Everybody welcome.

The local ball team went to Hannaford the fourth where they tried conclusions with the fast Dazy team who defeated Hannaford in the morning game 15 to 4. Chet Hoar was in the box for the locals, but was not in good form allowing Dazy 11 hits. Billy Sinclair pitched for Dazy and as usual had his rabbit foot with him as he helped to add another defeat to Cooperstown by the score of 6 to 1. The game was fine up to the 4th inning when it commenced to lag in interest. The only features of the game was the sensational plays of the Dazy shortstop and the fielding of Dretchko for the locals. More team work and a little batting practice is needed. The locals try conclusions with Daze again on the local diamond this evening. Let everybody turn out and try and break the hood.

## The Jessie Picnic.

The Jessie picnic last Friday had a very large attendance, the most it is said to have had for years. It was an ideal day, and those who went to the picnic enjoyed a good time both afternoon and evening. There were horse races, foot races, etc. but the big drawing card was the Cooperstown-Binford ball game. Right here we wish to say that it was a shame to do it, a shame to take the money but it couldn't be helped: even with Oscar Greenland on the bench Binford couldn't win. He was very much in evidence at the commencement of the game but after the second inning took to the woods. Binford came with the tomahawk all polished and sharp for the grand slaughter. After Binford had gotten two runs Chet settled down and stuff was off as far as the aggregation up the line was concerned as only four hits had they registered during the game, and the center fielder Thompson got them—he's alright—and, well no matter who got the other two. Poor Kramer such a drubbing as he did get, sixteen safe hits was all the locals got that's all—and another Iowa star has gone to ruin—but they may possibly find another one as good. The final score was 11 to 2. As our time and space is limited this week—we celebrated Tuesday—we cannot give as much time and space as we wished. But we only celebrate once a year.

## Race Horses Arrive.

A string of racing horses came in Saturday from Cooperstown and others came in from Edgeley to be present at and take part in the races to be held here in July.

The string from Cooperstown consisted of five trotters and pacers in charge of trainer W. Heimbauch of Cooperstown. One of the flyers is Ahtaleen Gameleon, whose recent record of a half mile in 1.08 gives promise of some speedy work. Mr. Hull of Edgeley came in with two racers yesterday. It is now certain that there will be at least sixteen entries and there promises to be plenty of horses. Several are coming from Courtenay and Minnesota. The Cooperstown horses were intended to be speeded at Wimbledon last week during the two days of old settlers meet but bad weather prevented. The horses from Cooperstown are owned by Ernest Johnson and Oscar and A. T. Thompson.—Alert.

## McCulloch-Tuftland.

One of the prettiest weddings of the year was celebrated at the Lutheran church on Wednesday June 28th at high noon, when Miss Mary Tuftland, of Ottofy, Nelson Co. was united in the holy bonds of wedlock to William A. McCulloch, the Rev. H. S. Harris, pastor of the Cooperstown M. E. Church, officiating. A large number of guests were present. The church in which the wedding was held was elaborately and handsomely decorated with a profusion of beautiful flowers. Norman McCulloch, brother of the groom and Hogan Tuftland, brother of the bride acted as best men, and Misses Liddy, Clara and Syrena Tuftland, sisters of the bride were the bridesmaids. The bride was beautifully dressed in cream silk, and the bridesmaids were also beautifully attired in light green, blue and pink silks. The groom was dressed in conventional black. Hazel Burke and Cleo Burns officiated as flower girls. Harry Harstad was ring bearer, the ring ceremony being used. The groom who has a farm about 4 miles northeast of Cooperstown, is well known in this vicinity and is held in high esteem by his large acquaintance. The bride is a pleasing young lady to meet, and is held in high respect by her numerous friends and has the kind wishes of them all. Both will be accorded the heartiest good will of all—and the COURIER—in their new journey through life.

## A Romantic Inscription.

"In New York," said an author, "there is a rich man whose hobby is autograph editions of books. His library is really remarkable. Take up in it a volume of Swinburne, of Rossetti, of Guy de Maupassant, of Kipling, of George Gissing, of Tolstol, of Daudet, of any modern writer almost, and you find on the fly leaf an interesting and affectionate letter from the author to this man."

"Very valuable these autographs must be, and very extensive must be the New Yorker's acquaintance with the best writers of the age. Yet there are some who sneer at his autograph editions, claiming to detect an amazing similarity in the handwriting of the dedicatory notes."

"One night there was a party in the New York man's house. Among the guests was an actor who is very skeptical about the authenticity of the wonderful autographs. To him the host showed a new copy of Chaucer that he had recently bought, and the actor, when no one was looking, wrote on the book's fly leaf: "To Jack, from his dear friend and schoolmaster, Geoff Chaucer."—Kansas City Independent.

## A Modern Antique.

A story told of Piatrucci has its point for collectors. Piatrucci was an Italian and chief engraver at the mint. It is, by the way, to him that England is indebted for the fine group of St. George and the dragon on the reverse of the sovereign. He insisted that modern work in cameo should be quite as fine as ancient work. A "potboller" head of Flora which he engraved and sold to a dealer for \$5 was afterward sold as an antique to Richard Payne Knight for \$500. Knight took the cameo in triumph to Piatrucci. "Where can you get modern work like that?" he asked. Piatrucci smiled and claimed the antique for his own. Knight would not believe him. "Examine the roses," said the artist, "and you will see that they are modern flowers." The point was admitted by others, but never by Knight, who bequeathed the gem and the rest of his collection to the nation. But for the roses an expert would undoubtedly pronounce Piatrucci's cameo a fine antique.

## NEW WEED LAW.

The following is the new law regarding destruction of weeds on road ways:

An act for the destruction of all weeds on all graded or cultivated highways. Be it enacted, etc.:

Sec. 1. All weeds of every name and nature and description shall be cut by the road overseer of public highways on such roads that are graded or otherwise cultivated.

Sec. 2. Such weeds shall be cut for a distance extending at least sixteen feet from the center on each side of the road.

Sec. 3. Such weeds shall be cut not earlier than July 15 and not later than August 5 of each year, and said work shall be paid for out of the road fund the same as any other road work, provided, that if the owner of adjoining premises shall cut the weeds therein required to be cut, he shall be credited on his road taxes with the cost of cutting said weeds, said cost to be determined by the road overseer.

Sec. 4. All overseers of public highways shall file their bills for road work with the board of township supervisors in organized townships and with the board of county commissioners in unorganized townships, but such bills shall not be allowed until such cutting of weeds is completed and at the time said bill is filed it shall be accompanied by an affidavit of the overseer that the said weed cutting has been complete.
