W. J. Payne, Agt., Cooperstown, N. D. A. M. Cleland, G. P. A., St. Paul, Minn.

The reduction of freight rates on all kinds of grain by the Northern Pacific, Great Northern and Soo lines, means the saving of hundreds of thousands of dollars to the farmers of North Dakota and this cut on the part of the railroads is greatly appreciated by the farmers as it was done without any effort on their part.

The Maxbass Monitor is a new aspirant for public favor and is published by our friend J. B. Arbogast, formerly of Hanaford. Maxbass is a new town just starting up in Bottineau county but it is growing fast and promises to be a very substantial place inside of a year. The Monitor is well filled with advertising and it would seem as if Bro Arbogast had dropped into a good thing. Here's wishing the Monitor success.

Bluebeard Hoch who has been sentenced to be hanged for murdering a number of wives, has secured another stay of execution, making the third time he has been reprieved. Crawford, a Minnesota murderer is also trying to get a stay of execution and it looks as if it were almost impossible for an execution to take place in this country there are so many loop holes available for the lawyers to save necks of their clients. These cold blooded murderers have no license to live in our opinion.

The state papers are advising that the capitol commission in considering bids for the reconstruction of the capitol building will see to it that the work is done by contractors of the state. This is all right if the contractors of the state get anywhere near the outsiders and the commission should give the home fellows a little the best of it, but we don't believe the taxpayers want the commission to make some local contractor a present of a few thousand dollars at their expense just because he lives in the state. We want the home contractors to get this work and are willing to give them the preference if there is not too much difference in the bids. There should not be any reason why our contractors cannot figure as close as those from the outside.

Commissioner of Agriculture W. C. Gilbreath is sending out a nice pamphlet relative to the many good points of North Dakota. Among them he quotes: Estimated population 410,000. It contains 70,195 square miles. There are only about 6 people to the square mile. It has nearly 4,000 miles of railroad. It has 8,280,285 acres under cultivation. Its assessed valuation for 1905, about \$180,000,000; actual valuation, \$800,000,000. Its highest altitude is 2707 feet and its lowest 753 feet.

The Red River valley is the great grain producing country. The western part of the state is the great cattle range. In the central part of state diversified farming predominates. Its inhabitants are chiefly American born, and all are loyal Americans.

There are many artesian wells in the central and eastern part of the state. Three transcontinental railroads run through the state—the Northern Pacific, Great Northern and Soo, the latter connecting with the Canadian Pacific. It has no poor houses.

Malarial diseases are almost unknown. The Missouri River, navigable to the Gulf of Mexico, runs through the state, forming a great natural artery for unrestricted commerce.

A government military post, Fort Lincoln, located near Bismarck when completed, will be one of the finest garrisons in the country. There are 70 presidential post offices, 5 having free delivery.

Fort Lincoln, located near Bismarck when completed, will be one of the finest garrisons in the country. There are 70 presidential post offices, 5 having free delivery.

Bereaved Wife Joins Husband

Mrs. O. K. Quamme Widow of Rev. Quamme Killed Last Fall Died Saturday Night.

Mrs. O. K. Quamme, of this city, widow of the late Rev. Quamme, who was killed by a kick from a horse, died Saturday evening at nine o'clock at the family home here. Mrs. Quamme has grieved greatly since the death of her husband and the shock of his death is mainly responsible for her demise. Four children, Gudrid, Irene, Olga and Adolph, two of whom are grown up, remain to mourn their mother's sudden taking off, as well as a large number of friends. The funeral services will be held Wednesday afternoon at 2 o'clock from the United Lutheran church Rev. Bruno officiating. Relatives will arrive in the city tomorrow morning from Fergus Falls, Moorhead and Reynolds, North Dakota.—Crookston Times.

Peculiar Disappearance.

J. D. Runyan, of Butleville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at H. H. Bateman's drug store price 25c.

FOSTER'S FORECASTS.

Washington, D. C., Aug. 28.—Last bulletin gave forecasts of disturbance to cross continent Aug. 25 to 29, warm wave Aug. 24 to 28, cool wave Aug. 27 to 31. Next disturbance will reach Pacific coast about Aug. 30, cross west of Rockies by close of Aug. 31, great central valleys Sept. 1 to 3, eastern states Aug. 4. Warm wave will cross west of Rockies about Aug. 30, great central valleys Sept. 1, eastern states Aug. 3. This disturbance will come during one of the coolest periods of September and it will be one of the three severest being expected not far from Sept. 18 to 28. Temperatures of this disturbance will go more below normal in north states than in southern states. It will cause general showers and the principal rains of first half of September. Temperatures will go near the frost line in northern states about Aug. 30 and Sept. 5. After this disturbance but little rainfall may be expected until about Sept. 18 to 20. During that week all the weather demons will be turned loose. Heat, rain, wind, hail, thunder storms, electric storms, as though the seething lakes confined by the Plutonian shores had broken their bounds. Jupiter and Saturn the two greatest battleships of the solar system, will level their dynamic guns at our poor little earth striking below the water line. If you get through that week without being weather beaten you may hope to withstand the remainder of the month which will bring showery weather and very cool.

Walter Lewis has purchased from his father the house now occupied by John Cussions and expects to move into the same about October 1st. The consideration was \$1,100.

FLAX FIBER MILL.

A receiver's deed was registered at the office of the register of deeds of Cass county yesterday for the property of the defunct By-Products Flax Fiber Co., which was transferred from the receiver, Emmons Bryant, to Jos M. Hartfield, of Buffalo, N. Y., the consideration for the property, including the flax fiber mills at Fargo, Aneta and Cooperstown and other property at those places and Mayville, being \$60,900. A quit claim deed was also registered, transferring the property from Mr. Hartfield to Victor R. Blehdon, of Buffalo, N. Y., the consideration named being \$100. Mr. Blehdon was in the city yesterday but was not very favorably impressed with the purchase, this being the first opportunity he has had to examine it.

The flax fiber mill is a sore spot to most Fargo business men who subscribed liberally to secure its location here. The city also constructed a big water main some 4,000 feet, a gift to the company, at least no charge was made for its construction. And the main was never used by the company. Just what the new owner of the property intends to devote the mill to could not be ascertained yesterday. It will probably some day be worth a good deal for factory purposes. The facilities are excellent.—Call.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for such stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak from useless doctors drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at H. H. Batemans drug store; price 50c
