I had become completely discouraged, had given up all hope and thought I was doomed to starve to death, till one day my husband trying to find something I could retain brought home some

Grape-Nuts. "To my surprise the food agreed with me, digested perfectly and without distress. I began to gain strength at once, my flesh (which had been flabby) grew firmer, my health improved in every way and every day. and in a very few weeks I gained 20 pounds in weight. I liked Grape-Nuts so well that for 4 months I ate no other food, and always felt as well satisfied after eating as if I had sat down

to a fine banquet. "I had no return of the miserable sick stomach nor of the headaches, that I used to have when I ate other food. I am now a well woman, doing all my own work again, and feel that life is worth living.

"Grape-Nuts food has been a godsend to my family; it surely saved my life and my two little boys have thriven on it wonderfully." Name given by Postum Co., Battle Creek.
