For the fiscal year ending on the 30th of June last the United States spent \$117,000,000 on the navy. Every dollar we have spent intensifies the necessity of spending a great deal more. The cost of maintaining what we have already built will be enormous, and men must be educated for officers of the ships now in service and most educational men in the country. those in process of construction. A great navy is a costly thing, but per haps it is cheaper than war.

Secretary Wilson, of the department of agriculture, says that probably hundreds of thousands of gollars' worth of buttermilk is thrown away in this country every year. The investigation resulted in the discovery that there was a shortage of at least \$60,-000. The investigation covered only the period from January, 1903. The grand jury will now, it is stated, investigate the entire record of Prof. Dougherty as superintendent of schools, and it is believed that a much greater shortage will be found. Prof. Dougherty was first arrested on a charge of

Members of Family of President of Mutual Life Draw Millions in Commissions.

New York, Oct. 6.- That the astounding total of more than \$2,600,000 has been paid as commissions by the Mutual Life Insurance company to two members of the family of Richard A. McCurdy, president of the company, and the promise of District Attorney Jerome that the insurance scandals certainly will be submitted later to an extratordinary grand jury, were the sensational developments in the insurance situation Thursday. It was brought out by the testimony before the legislative insurance committee that Robert H. McCurdy, a scn of Richard A. McCurdy, has received as commissions on foreign business \$1,163,-829, and on domestic business \$541.852. and that Louis A. Thebaud, son-in-law

of Richard A. McCurdy, has received an aggregate of \$920,113 in commissions from the company. It was also brought out that Robert H. McCurdy expected his income this year would

be about \$110,000. Mr. Jerome in announcing in court that the scandals will be submitted to an extraordinary grand jury, said the inquiry by the legislative committee forgery, the specific charge being that had shown "greater moral obliquity and moral obtuseness on the part of persons important in the business world than did the shocking revelations in regard to the Equitable Life." #### TURN DOWN MAYOR'S PLAN Chicago City Council Defeats Dunne's Project for Municipal Ownership

by Big Majority. Chicago, Oct. 10.-Mayor Dunne forced his "contract plan" for municipal ownership to an issue at the city council meeting Monday evening. When the battle was over his pet project was ignominiously defeated and he himself humiliated to a degree unknown to any

mayor Chago ever had. It was the most sensational council meeting known in the history of the city since the one occasion when two contesting parties fought over the election of a mayor to fill the unexpired term of the first Mayor Harrison. It lacked the physical violence of that contest, but it made up in the bitterness of the debate. Aldermen told each other exactly what they thought of them, and personal allusions were the order of the evening.

Mayor Durne was beaten, and decisively beaten, on two roll calls. On one of them the aldermen set aside a ruling of his by a vote of 41 to 22, and on the second sent to the hostile committee on local transportation an order he had introduced instructing the committee how to act. The vote on this was 46 to become effective upon its approval, 18. a two-thirds majority against the mayor.

### AWFUL NEURALGIA

Mr. Porter Thought He Should Go Mad But Dr. Williams' Pink Pille Cured Him.

"It seems like a miracle that Dr. Williams' Pink Pills should have cured my neuralgia," said Mr. Porter. "They are certainly a marvelous medicine and I am always glad to recommend them.

"For two years," he continued, "I had suffered almost unendurable pains in my head. They would start over my eyes and shoot upward most frequently, but they often spread over my face, and at they often spread over my face, an times every part of my head and face would be full of agony. Sometimes the pains were so intense that I actually feared they would drive me mad.

"My eyes ached constantly and there was always a burning sensation over my sometimes they were acute, and again they were dull and lingering. I could not sleep. My temper was irritable and I got no pleasure out of life.

"I tried remedy after remedy, but finding no help in any of them, I became a despairing man. Even when I began to take Dr. Williams' Pink Pills I

my surprise, a change in my condition took place right away. The pains grew less intense and the acute attacks were further apart, as I kept on using Dr. Williams' Pink Pills. The improvement began with the first box, and when I had used six boxes I stopped. My cure was complete and has lasted ever since."

Mr. Charles H. Porter lives at Ray-mond, N. H. He is one of many grateful people who have found that Dr. Williams' Pink Pills will cure diseases of the nerves that have stubbornly resisted every oth remedy tried. Not only neuralgia, but sciatica, partial paralysis and locomotor ataxia yield to them. They are sold by all druggists, or may be obtained directly from the Dr Williams Medicine Co. Schenectady, N. Y.
