Ozone manufactured by electricity, administered direct to the lungs—ourifies every part of the body.

Pure Ozone exerts a powerful therapeutic influence upon the respir-

atory organs. Pure Ozone, as properly applied by Dr. Cavanagh, director of The Fargo Sanitarium, tends to purify and also to increase the blood stream, building up diseased tissues and strengthening the system.

Inefficency of Drugs

Every physician realizes the inefficacy of the most potent drugs in dealing with many of the most common diseases. The germs float in the blood current, attacking first one organ of the system and then another, until, finally, a weak, vulnerable organ, finds itself unable to resist the attack and succumbs. But now Dr. Cavanagh's new Ozone apparatus properly applying this powerful gas to the patient renews the blood corpuscles, and is considered the most powerful alleviative medicine yet

Application of Ozone Ozone is carried into the body and is taken into localized areas from Dr. Cavanagh's Medical Ozone Generator by inhalation, bringing all the tissues of the lungs under its influence, passing through this tissue into the blood stream and destroying all germ diseases by removing the cause. A peculiar discovery was made by Dr. Cavanagh after long experience in which one-half better results are obtained if the patient is reclining and respectation is properly regulated when the
