THE NEW STORE.

SANTA CLAUS'S

HEADQUARTERS.

SANTA CLAUS has made his headquarters at The New Store and has brought thousands and thousands of Toys, Games, Dolls, Etc. We are now working night and day to get out all of these goods ready for SANTA CLAUS to show. It takes thousands of square feet, all on one floor, to show this large assortment. Santa Claus is here and it takes lots of space to satisfy him. From the floor to the ceiling will be given up for Santa Claus, so you want to expect to see something at JIMESON & OLSON'S that Cooperstown has never showed before. Never before in the history of this town has there been so much for Santa Claus to do in getting up his assortment of Xmas presents as this year.
