### A Progressive Institution.

Keeping pace with business development in Minneapolis we find that educational matters have not been neglected. One of the largest educational institutions, the Eclectic Business College, after years of prosperity has, by reason of its increased patronage, been pushed into larger quarters. The College is located in its new home at the corner of Third Avenue South and Fifth Street. The location is the best the city affords, being a quiet corner in a refined section. The best faculty of business educators to be procured will be in charge of the various departments, which includes Bookkeeping, Shorthand, Typewriting, Penmanship, Telegraphy, Preparatory, Electrical Engineering, Civil Service, Teachers' and Physical Culture. An attractive feature will be a thoroughly equipped gymnasium for both ladies and gentlemen. The large number of graduates holding responsible positions is a standing tribute to the thoroughness of the work. An inspection of the new quarters discloses the fact that the Eclectic will be the best and most thoroughly equipped commercial school in the Northwest. The fall term opens September 4th. Any young person interested in commercial work should write the Eclectic Business College, Minneapolis, for terms and catalog. 40
