

A Penny Saved is a Penny Made.

This old saying if certainly true when applied to the enormous lot of Pennies daily saved to every citizen that trades with

BOWDEN & BUCK,

The saving already amounts to millions, as you can now buy for One Penny, what you formerly paid three for.

This fact alone, saying nothing of the superior quality of our goods should induce everyone to encourage and patronize us.

We have only one grade of carbon oil, and that is the best, at 25 cts per gallon. We guarantee it not to freeze while the lamp is burning.

Diphtheria Cure.

The following cure for diphtheria has been used with success in South Dakota, as will be seen in the following extract from the Dakota Outlook:

In the issue of the Outlook of December 21, there was published Dr. Delthil's diphtheria cure, which was simply to pour equal parts of turpentine and liquor-tar into a pan, set the mixture on fire and allow the patient to inhale the smoke. Two weeks ago the twelve year old daughter of Edward Cook, of Wash-ton, had a bad attack of diphtheria. Mr. Cook tried various remedies, and when a gentleman handed him a clipping from the Outlook he tried the remedy therein suggested. The mixture was made and burned three times. In about twelve hours the girl caught up the false membrane and was to all appearance fully cured. Let people, particularly those who live in the country, remember this remedy.

Felt Good.

At Camden, N. J., recently, a scene was raised in the Macedonia African M. E. church by Henrietta Nutson, a colored woman. A meeting was in progress in the church when Henrietta entered and seated herself in the audience. She soon began her antics, though, and suddenly set up a whooping and yelling that effectually stopped the services.

The Griggs County COURIER gives it out that a four foot vein of anthracite coal has been discovered at Sanborn. Editor Adams don't give the spot away, probably because he wants to scoop the whole territory in for himself.—Sanborn Enterprise.

It was lignite when we first discovered it. That was a long time ago; and if it isn't anthracite now, it never will be.

—E. L. Gallinger, son of Adam Gallinger, arrived in Sanborn last Friday, from Cadillac, Mich., and is now ensconced in the office of the hotel, where he will attend to the wants of the guests.—Enterprise.

—Iver Jacobson, who has been a member of the third house at Bismarck several days, returned Monday.
