

DOCTORS FURIOUS.

Should a Physician Tell the Truth or Not? A Nice Point in Ethics.

A SENSIBLE HEALTH OFFICIAL.
Baltimore, Md.—A decided stir has been caused here over the question as to the right of a physician to certify to the merits of a remedy not in the modern pharmacopoeia. Dr. James A. Steuart, one of the most eminent physicians in the South and Health Commissioner of this city, had analyzed a newly discovered article, and certified officially not only to its efficiency but to the fact that it replaced old time preparations of a similar character which, analyses had proved, were adulterated and poisonous. The Medical and Chirurgical Faculty, of which he is a member, held that he had violated the code of medical ethics, and much public interest was aroused because of the confidence felt both in his professional standing and official integrity.

It was argued that to thus place a limitation on the acts of a physician, and especially of a health officer, was opposed to the spirit of the age; that such reasoning might have been logical enough when it was to the interest of rulers or societies to invest themselves with a supernatural halo, but now when thought should be free and untrammelled such things savored of barbarism. It was the duty of a physician, especially of a health officer, to condemn publicly any remedy which he knew to be injurious, but it was not right to say that he should be debarred from testifying to the merits of anything which he knew to be good. If this were so, the world would not receive the benefit of half the discoveries made in art or science. Thus the people argued, while the faculty threatened expulsion and talked of time-honored customs, ethics, professional courtesy and traditions.

But the matter soon assumed a new and surprising phase. A few days afterwards a certificate appeared in the daily papers bearing the autograph signatures of Governor Mc Lane, Attorney-General Roberts, Major Latrobe, City Postmaster Adreon, chiefs of State and municipal departments, Judges and Clerks of Courts, Federal officials and Congressmen, emphatically endorsing the action of the Health Commissioner, and concurring in his opinion as to the efficacy of the remedy, asserting that they did so from personal experience with it and practical tests and observations.

There could be no gainsaying such evidence as this, but, as if to cap the climax, shortly afterwards there appeared another certificate with autograph signatures of leading practicing physicians from all parts of the State, including the physicians of all the leading hospitals, the physician to the City Fire Department, the Port physician, vaccine physician and resident physicians of infirmaries, all endorsing the discovery and stating that it had been tested by them in hospitals and private practice for weeks with wonderful curative effect, and that analysis had shown no trace of opiates or poisons, prevalent in other cough mixtures. They further stated that they had been induced to take this step in view of the many hurtful preparations which contained narcotics and poisons and of the dangers consequent on their use. The remedy in question is Red Star Cough Cure. Such a conclusive answer as this to the narrow arguments of the few, arrayed public sentiment on the side of the Health Commissioner, and it is significant that Dr. Steuart has since been appointed to office by the Mayor for a third term, and has had his appointment unanimously confirmed by the City Council.

Owing to the high professional reputation of the gentlemen who endorsed his action, as well as to the enviable standing of the owners of the remedy, The Charles A. Vogeler Company, of this city, wide-spread interest has already been created in the subject, not only here, but in Philadelphia, Washington and other neighboring cities. The feeling is generally expressed by professional men that Red Star Cough Cure, on account of its freedom from narcotics and poisons, inaugurates a most desirable new departure in medicine. This is the pronounced opinion of authorities like Dr. Fawcett, who has been for thirty-three years resident physician of the Union Protestant Infirmary, in this city, and Prof. John J. Caldwell, M. D., member of medical societies of Baltimore, New York and Brooklyn, and with a long experience in civil and military hospitals. Both of these gentlemen together with no less than fifty other practicing physicians of Maryland, have publicly put themselves on record as to the evil of narcotic medicines, and the consequent value and importance of the new discovery referred to. It is conceded that public opinion has completely vindicated Dr. Steuart in his action, and that in his whole course he was actuated simply by an earnest desire to benefit the community at large.

Henry W. Blair has been appointed United States senator ad interim from New Hampshire.

Low Prices for Butter.
The New York Tribune in its market report, explained why some butter is sold for such low prices. In speaking of butter it said: "Light colored goods are very hard to dispose of and several lots were thought well sold at 8 to 10 cents." If butter makers would get the top price, they should use the Improved Butter Color, made by Wells, Richardson & Co., Burlington, Vt. It gives a pure dandelion color and never turns red, or rancid, but tends to improve and preserve the butter.

FOR FAIRNESS take ALLEN'S IRON TONIC Bitters. All genuine bear the signature of J. P. Allen, Druggist, St. Paul, Minn.

Beautiful and Fascinating.

A Washington letter to the Boston Journal says: "Senator M. C. Butler of South Carolina is the handsomest man who has been here this winter. The women enthuse over him and call him, but he has been used to that sort of thing since he wore curls and said his prayers at his mother's knee, and accepts their homage with such grace and dignity that it disarms criticism. He married a woman seven years older than himself, who was at the time a beauty, and with whom he was much in love. She has Titian-red hair, lovely features, a perfect figure, and exquisite hands and feet, and is the daughter of a house whose race has been distinguished for generations in politics as in the social world—blue-blooded, rich, and talented. He has two daughters, one of them a debutante, and three sons, the second a graduate of Princeton College, and now Vice-Consul at Liverpool, Eng., who inherits his father's exceeding beauty and fascination, and who also has brilliant talent. Senator Butler's mother was a sister of Commodore Perry of Lake Erie fame, and he bears a striking resemblance to his famous uncle as he is painted on the wall of the Capitol at the head of the Senate staircase, where the naval engagement is illustrated in high colors."

Agreeable to Everybody.
Col. Robert G. King, for ten years Deputy Collector Internal Revenue, Baltimore, Maryland, writes: "I endorse the Red Star Cough Cure. I have used it in my family for a violent cough and found it excellent. Its use was entirely free from the depressing effects of other cough remedies. It can be readily taken, and agrees with and benefits everybody suffering from throat and lung troubles. The relief is permanent, and there is no reaction."

Iron Rule in Cuba.
Globe-Democrat.
The Spanish masters of Cuba maintain an iron rule. Every man, it is said, who expresses sentiment not strictly loyal to the Spanish authority is arrested and imprisoned. Conspiracy is punished by dungeon confinement or death, and this practice has gone very far to encourage people to not talk politics. Of frequent notice in cafes and other public places is a conspicuous placard bearing the significant legend: "Please do not talk politics here;" and wherever you meet him, whether at home or abroad, the prudent Cuban, if he values his life or liberty, or is possessed of confiscable property, keeps his political opinions to himself. The newspapers are all subject to censorship, the telegraph office under the surveillance of the police, and it is even said that the mails are often examined for reasonable documents.

A Bold Counterfeit.
A Bold Counterfeit or Imitation of Dr. C. D. WARNER'S WHITE WINE OF TAR SYRUP and GERMAN HOP BITTERS is being sold in the Northwest. Beware of the dangerous imitations. The worthless stuff is sold to Druggists at \$2.50 per dozen, or about 20 cts. per bottle, and they charge you for it. The Genuine WHITE WINE OF TAR SYRUP and GERMAN HOP BITTERS bears the name of Dr. C. D. WARNER on label and wrapper and blown in bottle. Take no other.

Editor Galvin, of the Omaha Times-Dispatch, was badly pummeled by Lawyer Kyle.
A lady at Concord, N. H., writes, "for more than ten years was subject to severe darting pains through the heart with suffocation threatening death, tried DR. GRAVES' HEART REGULATOR, it cured me—no recurrence for many years." \$1.00 per bottle at druggists.

Grover Cleveland will worship at the New York Avenue Presbyterian church, Washington.

It is not understood why druggists keep in stock so many kinds of medicines for coughs, colds and consumption, when it is only necessary to keep Allen's Lung Balm, that old, reliable remedy, which is a pure vegetable preparation, and perfectly harmless, as it contains no opium in any form. Sold everywhere.

The February earnings of the St. Paul system were \$1,346,000, against \$1,318,000 in February, 1884.

"Brown's Bronchial Troches" are widely known as an admirable remedy for Bronchitis, Hoarseness, Coughs, and Throat troubles. Sold only in boxes.

Plain as the Nose on Your Face.
What is the difference between a person's nose and Carboline the Great Petroleum Hair Renewer. Ans:—one is the center of the head and the other is a head-scener.

A Perfect Remedy for all abrasions of the skin and all diseases of the feet of Horses and Cattle. Invaluable to stockmen. Cole's Veterinary Antiseptic. In 50c and \$1.00 cans. At Druggists or by mail from W. Cole & Co., Prop'rs, Black River Falls, Wisconsin.
