#### —LOCALS—

Price of wheat advancing.  
The first consignment of goods for Nelson Bros. & Co's store arrived Friday.

On account of rain threshing was delayed last week. Heavy rains reported northwest of us.

Nelson Bros. have received a set of Fairbank's 4-ton hay scales, which are being put in at their lumber yard, for general use.

A special train passed over the branch Friday with a few railroad officials; but know not of the existence of Dazey.

A few Dazey dudes had a picnic Sunday, on the raging Shyenne, for plums, etc.; but where are ye plums!

Hans Oppegard has been appointed county commissioner of this district vice Mr. Chandler. We are sorry to lose Mr. Chandler, as he has been a faithful representative. Mr. Oppegard is well qualified for the office, and I feel confident will do justice to his district.

#### PERSONAL.

C. A. Lyons drove to Sanborn, Saturday.

O. H. Nelson is in St. Paul purchasing stock for the mammoth store.

Mrs. A. E. Clendenning was taken seriously ill Saturday. She is recovering rapidly, under the skillful treatment of Dr. Newell.

Geo. Loutz, who has been seriously ill, is again able to be with us.

Christ Gilbertson, our popular blacksmith, injured his hand while selling a tire.

George Kelly is again able to come to town.

On Saturday evening a few members of the order, and some of the most prominent men in Dazey and vicinity, held a meeting for the purpose of organizing an Independent Order of Odd Fellows. The earnestness expressed by all interested is an indication of sure success.

Dazey and vicinity has a class of industrious citizens, always to the front with any aid in any enterprise to enlarge the social circle, as well as business matters; and their efforts in the above should be crowned with success.

Farmers are all jubilant over the prospects of being able to hold their wheat, and derive any benefit from a raise in the market. Eastern capitalists are negotiating with them to advance sufficient money on their wheat, at a low rate of interest, to relieve their most pressing needs at once, and by the large amount of lumber being hauled from town each day indicates that the farmer is still making preparations to hold. Should all the farmers in North Dakota follow the example for a few months, the price of wheat is bound to more than repay them.
