J. H. Montgomery is erecting a cozy house on our principal business street. A few residences, with well cared for front yards, would relieve the monotony of the square wooden fronts, and be an improvement.

Hiram Walker, the builder of the dam and grist mill at Valley City, spent Tuesday in the vicinity of the Terminal Town. It is possible that Mr. Walker will develop some of our fine water powers.

The Congregational church will be a frame structure, 32x56 feet. The posts are 16 feet. The tower will be 10x10 feet, rising to the height of 68 feet. The building will be completed in thirty days, and will cost \$3,000.

Allan Pinkerton and Geo Luce were saved by a shying horse from B. B. Brown's cellar, Monday night, and they *deu* say, in the language of Uncle John, that Jake drove in, horse over appetite, and was some time in getting extricated. How was it boys? For the benefit of the alien world it might be well to state that they had been to a mite society.

Whidden Bros. are prepared to pay you 5 cents per bushel over the market for 20,000 bushels of wheat this month.

Whidden Bros. are stocking up for Fall trade, and are just opening a fine line of Staple Dry Good, Boots and Shoes, etc. Notions, clothing, etc., to arrive in a few days.
