mason work, and G. W. P. says he will carry the hod for them. McCurdy will put in a bid for the carpenter work.

You Cooperstownites will have to work your ass lively or Willow will soon be doing the maling business for the county.

The parties that parloined the library and other Sunday school property from the school house last Sunday, had better return the same, quick, and in the future have a care what they are doing, or they will get themselves into the Willow pound. There was nothing smart in that deal, boys. Don't repeat it.

The COWARDS comes to us nearly double its former size; now why not double its circulation. CHAS. X.

in families in the country its mortality rates averaged 50 per cent a year; under the new system the death rate sank to 30 per cent for the whole time the foundlings were its wards, which enters the school age. The Hospital San Spirito in Rome reports the difference of mortality between the children it retains in asylum and those whom it places with families in the country at 83.78 to 13.80 per centum. This is for abandoned infants.—Charles X. Walker.

The Russian government has decided to prohibit the importation of patent medicines, the published list of prohibited articles contains 800 items.

so that we could find it again easily and made a sort of map of it. Then we started back to Cottonwood Springs, which we reached late in the summer. Brigham and his friends went on to Nauvoo, Ill., and I went off on a deer hunt with my Indian friends. Next year Brigham took a large party of Mormons over, and Salt Lake City was built on the very spot to which I guided him.—New York World Interview.

Precious Stones Imported.

The value of the precious stones honestly imported into the United States is between \$3,000,000 and \$9,000,000 per annum, and it has been calculated that gems to half that sum escape payment of the duty.—House Journal.
