Precious Stones Imported.

The value of the precious stones honestly imported into the United States is between \$8,000,000 and \$9,000,000 per annum, and it has been calculated that gems to half that sum escape payment of the duty.—Home Journal.

Green Eyed People.

In a paper on the color of eyes in France M. Topinard has called attention to the extreme rarity of greenish eyes in Europe, only six cases having been observed by Professor Virchow in 6,000,000 Germans. With us a green eyed person must be fully as uncommon a sight. Yet Chinese annals record that green eyes abound in parts of Asia, and Pallas notes they are met with in Siberia.—Arkansas Traveler.
